Legislative Assembly,  
Parliament House,  
MELBOURNE, 3002.

Dear Mr. Hann,

I refer to your letter of July 19 regarding the submission from the Commercial Egg Producers' Association to the Victorian Egg Marketing Board in response to their discussion paper on dockage.

I feel sure the Board will give the matter good consideration and discussion before any final decisions are made.

I have already requested the Board to keep me fully informed on the matter and I am sure the Associations' submission will be given full consideration.

Yours sincerely,
