Mrs. R. Broadbent,
Hon. Secretary,
Commercial Egg Producers Association,
Bendigo Branch,
R.S.D. BRIDGEWATER, Vic. 3516

Dear Mrs. Broadbent,

In response to your letter of 27th December 1982, I advise that when both Class "A" and Class "B" eggs are included in a single delivery, it is necessary to handle them as 2 separate consignments and the consignment fee applies to each consignment. Crystal Egg Co. suggests that your members might consider submitting Class "B" eggs as a "group grade" consignment which they combine with other "group grade" receivals and pay the average outturn of all "group grade" receivals without deducting a consignment fee.

I trust this information will be of interest to your members.

Yours faithfully,
THE VICTORIAN EGG MARKETING BOARD

C. L. Jefferson
