Dear Sir,

Members of the South Bendigo branch of the C.E.P.A. voted unanimously that a submission be made opposing the inelegibility of some producers for transport subsidy in relation to dockage costs.

As $\frac{3}{4}$ of all Victorian eggs are reported to be sold in Melbourne, the proposal would severely disadvantage all rural producers.

We feel the industry must work as a whole unit + ^{E.F.C.V.} V.E.M.B as the name suggests, should work for all Victorian producers on equal terms.

Yours faithfully

Joan Heand

Secretary the B'go C.E.P.A.
