Dear David,

On behalf of the Commercial Egg Producers' Association of Victoria I would like to extend our thanks to you for your efforts in helping to get the new Egg Industry Stabilization Legislation through Parliament.

Also special thanks to your Party who have been a strong support in this matter over the years.

This will be a great thing for the security of our industry as snow Producers will be protected by a permanent legislation and can look forward to the future with more optimism.

Thanking you once again for your interest.

Yours sincerely,

K. Fitzgibbon,  
SECRETARY.
