Bendigo, 5 / II / 19 85

The Hon. Evan Walker, MLC  
Minister For Agriculture and Rural Affairs.  
P.O. Box 500  
East Melbourne 3002

Dear Sir,

It was moved at a combined meeting of the Bendigo and South Bendigo branches of the C.E.P.A. that you be informed of our views on proposed changes regarding dockage in our industry.

The meeting voted unanimously against suggested changes. The motion was "that there be no change to existing legislation regarding dockage for egg transport after eggs have been delivered to existing egg floors and Board depots".

As this region would be greatly affected by any alteration, it is important that you are aware of our feelings in the matter.

Yours Sincerely

*J. Heard.*
