19th May, 1986.

Mr. Neville Wran,
Premier of N.S.W.,
State Government Offices,
Parliament House,
SYDNEY. 2000

Dear Mr. Wran,

I am writing to you on behalf of the Commercial Egg Producers Association of Victoria regarding the situation of Mr. Col Peek, an egg producer, in N.S.W., who has sold his hen quota for over \$600,000 and has still kept 32,000 birds and is selling the eggs from those birds through Jewell's Retail Chain, who are undercutting the Board's eggs by as much as 10-15 cents per dozen.

This is against the law, and the Board is countering by dropping the price by up to 33 cents per dozen, this will be below the cost of production and the producers in N.S.W. will find it extremely difficult to remain viable, all because of the greed of one man.

The follow on from this situation could be eggs being dumped into Victoria, and we would have a complete breakdown in Orderly Marketing.

We urgently request that you and your Government take immediate action and help the Egg Board to uphold the law in N.S.W.

Yours sincerely,

K. Fitzgibbon,
SECRETARY
