Strathfieldsaye Road  
STRATHFIELDSAYE VIC 3551

Reference No.  
WS:RJ  
15 July 1988

Dear Kevin

Thank you for your recent letter regarding the series of WPSA seminars being held at the Egg Board at Keysborough. Denis Oakes also discussed the matter with me.

I raised the matter with Greg Parkinson who has been the main speaker and he will contact you about a suitable date for a meeting.

He will also try to get one of the other speakers, Dr Grant Richards to accompany him. Dr Richards is a consultant poultry veterinarian and it may be useful for Bendigo producers to meet him. He is doing quite a lot of veterinary work for independent broiler producers and for some egg producers around Melbourne. He was originally with Inghams and has had considerable experience in poultry veterinary work.

One speaker was a consultant nutritionist from Adelaide so it would be difficult to get him again.

The other main speaker will be Peter Tjepkema from Tegels, on the use of the breeder's management books and their management records.

I suggest you contact him on (059) 648264 about the possibility of speaking at Bendigo at some other time.

Yours sincerely,

W STANHOPE
