

NOTICE OF CHARGES FOR WATER AND WASTEWATER IN ACCORDANCE WITH SECTION 260 AND 264 OF THE WATER ACT 1989

This Notice Applies to the water and sewerage districts detailed in the schedule below.

Period for which the charges are set

Fixed access fees are calculated on a daily basis. Amounts will be charged quarterly from 1 July 2000.

The date by which charges must be paid

All charges, whether based on three-monthly period, a meter reading or other method, must be paid by the date specified in the invoice rendered and if no date is specified in that invoice, 21 days from the date of issue of the invoice.

Place for payment

Fees and Charges are payable at the following locations:

Coliban Water Offices, 2 Alder Street, Golden Square

Australia Post Offices and Agencies

Other Agencies as determined by Coliban Water.

Set out below are the various Water, Wastewater, and Rural charges as they relate to the respective Water and Sewerage Districts.

Water Fee Explanation:
Water Access Fees represent an annualised charge. Water Access Fees are charged on a daily basis. Water fees are to be charged three monthly.

Rural Fee Explanation: Rural access fees are charged three monthly (pipeline, channel and outlet). Rural consumption fees are charged annually.

Wastewater Fee Explanation:
Wastewater Access Fees represent an annualised charge. Wastewater Access Fees are charged on an equivalent daily basis. Wastewater fees are to be charged three monthly. Major TradeWaste are charged monthly where agreed.

Wastewater Method of Calculation:

Access Fee: The access fee is derived by multiplying price as per the meter size by the designated discharge factor.
Volume: The volume charge is derived by multiplying the water used as per the meter reading by the volume price by the designated discharge factor.

Annual Charge	\$0.2466	\$0.2466	\$0.2466

This notice applies to the current and proposed water and sewerage districts detailed in the schedule below. (Fixed access fees are calculated on a daily basis. Amounts are charged quarterly.) All charges, whether based on a three-month period, a meter reading or other method, must be paid by the date specified in the invoice rendered and if no date is specified 28 days from the date the invoice was issued.

The following prices do not include the expected 5% increases by the Minister for Water as part of the Government's 'Our Water Our Future' reform strategy. The expected 5%

increase for business and household customers will occur on 1 October 2004 and will be used over the next 4 years to fund \$225 million of important water related initiatives across Victoria. This is new funding, in addition to the \$320 million Victorian Water Trust already committed by the State Government and every dollar raised will be directed towards initiatives to secure our water future. A copy of the Government's action plan 'Our Water Our Future' can be obtained from the Department of Sustainability and Environment on 136 186 or www.dse.vic.gov.au/waterfuture.

Water Fee Explanation:

Water access fees represent a daily charge, and are charged three monthly.

Water volume charges are charged three monthly.

Rural Fee Explanation:

Rural access fees represent a daily charge, and are charged three monthly (pipeline, channel & outlet).

Rural consumption fees are charged annually.

Wastewater Fee Explanation:

Wastewater access fees represent a daily charge, and are charged three monthly. Major Trade Waste fees are charged monthly where agreed.

Wastewater Method of Calculation:

Access Fee: The access fee is derived by multiplying price as per the meter size by the designated discharge factor.

Consumption: The consumption charge is derived by multiplying the water used as per the meter reading by the consumption price by the designated discharge factor.

Charges set under Division 5 of the Water Act 1989
