Dear Mr Fitzgibbon

EGG INDUSTRY

Thank you for sending me a copy of your letter to the Victorian Egg Marketing Board (VEMB), dated 11 April 1989.

The Government has been aware that the industry is concerned with the operations of the VEMB for some time. A new Bill, the Egg Industry Bill, has just been introduced into Parliament. I believe the arrangements outlined in the Bill will improve the operations of the VEMB and address the concerns of your Association.

Yours sincerely,

BARRY ROWE, MP
Minister for Agriculture and Rural Affairs
