Dear Sir

I called on you yesterday
but you were not at the shop. I
was not able to wait. It is with re-
gards to a very distressed family
I wanted to see you if you would
do something to relieve their distress
They ^{need} blankets, sheets, a cot, Aswell's
clothing. for children & parents, the
husband has no singlet or flannel
& only a ragged shirt. The mother is
the same & the children cannot go
to Sunday school as there are no
things what they had to school. The school
is the same. I cannot tell you name
of the place but if you will call for me
I go with you to their place or direct
you. I know that they would be very
thankful if a parcel was sent to
them. We know them personally &
know them to be a very deserving case.

There are 4 children - the oldest girl not
yet a boy & another little girl & a baby 5 months
old.

Whether you can assist them
in place here, the Committee will forward money
in March if you wish to have it. D. Crane
