**Figure 10: Civilian Casualties from VC Mines
in Phuoc Tuy July 1966 to Dec 1971**

The 'big battles' and the 'contacts' compared collectively

	Big Battles	Contacts
Enemy strength	8180	20980
1ATF strength	4075	82700
Enemy casualties	1010	4480
1ATF casualties	287	1147

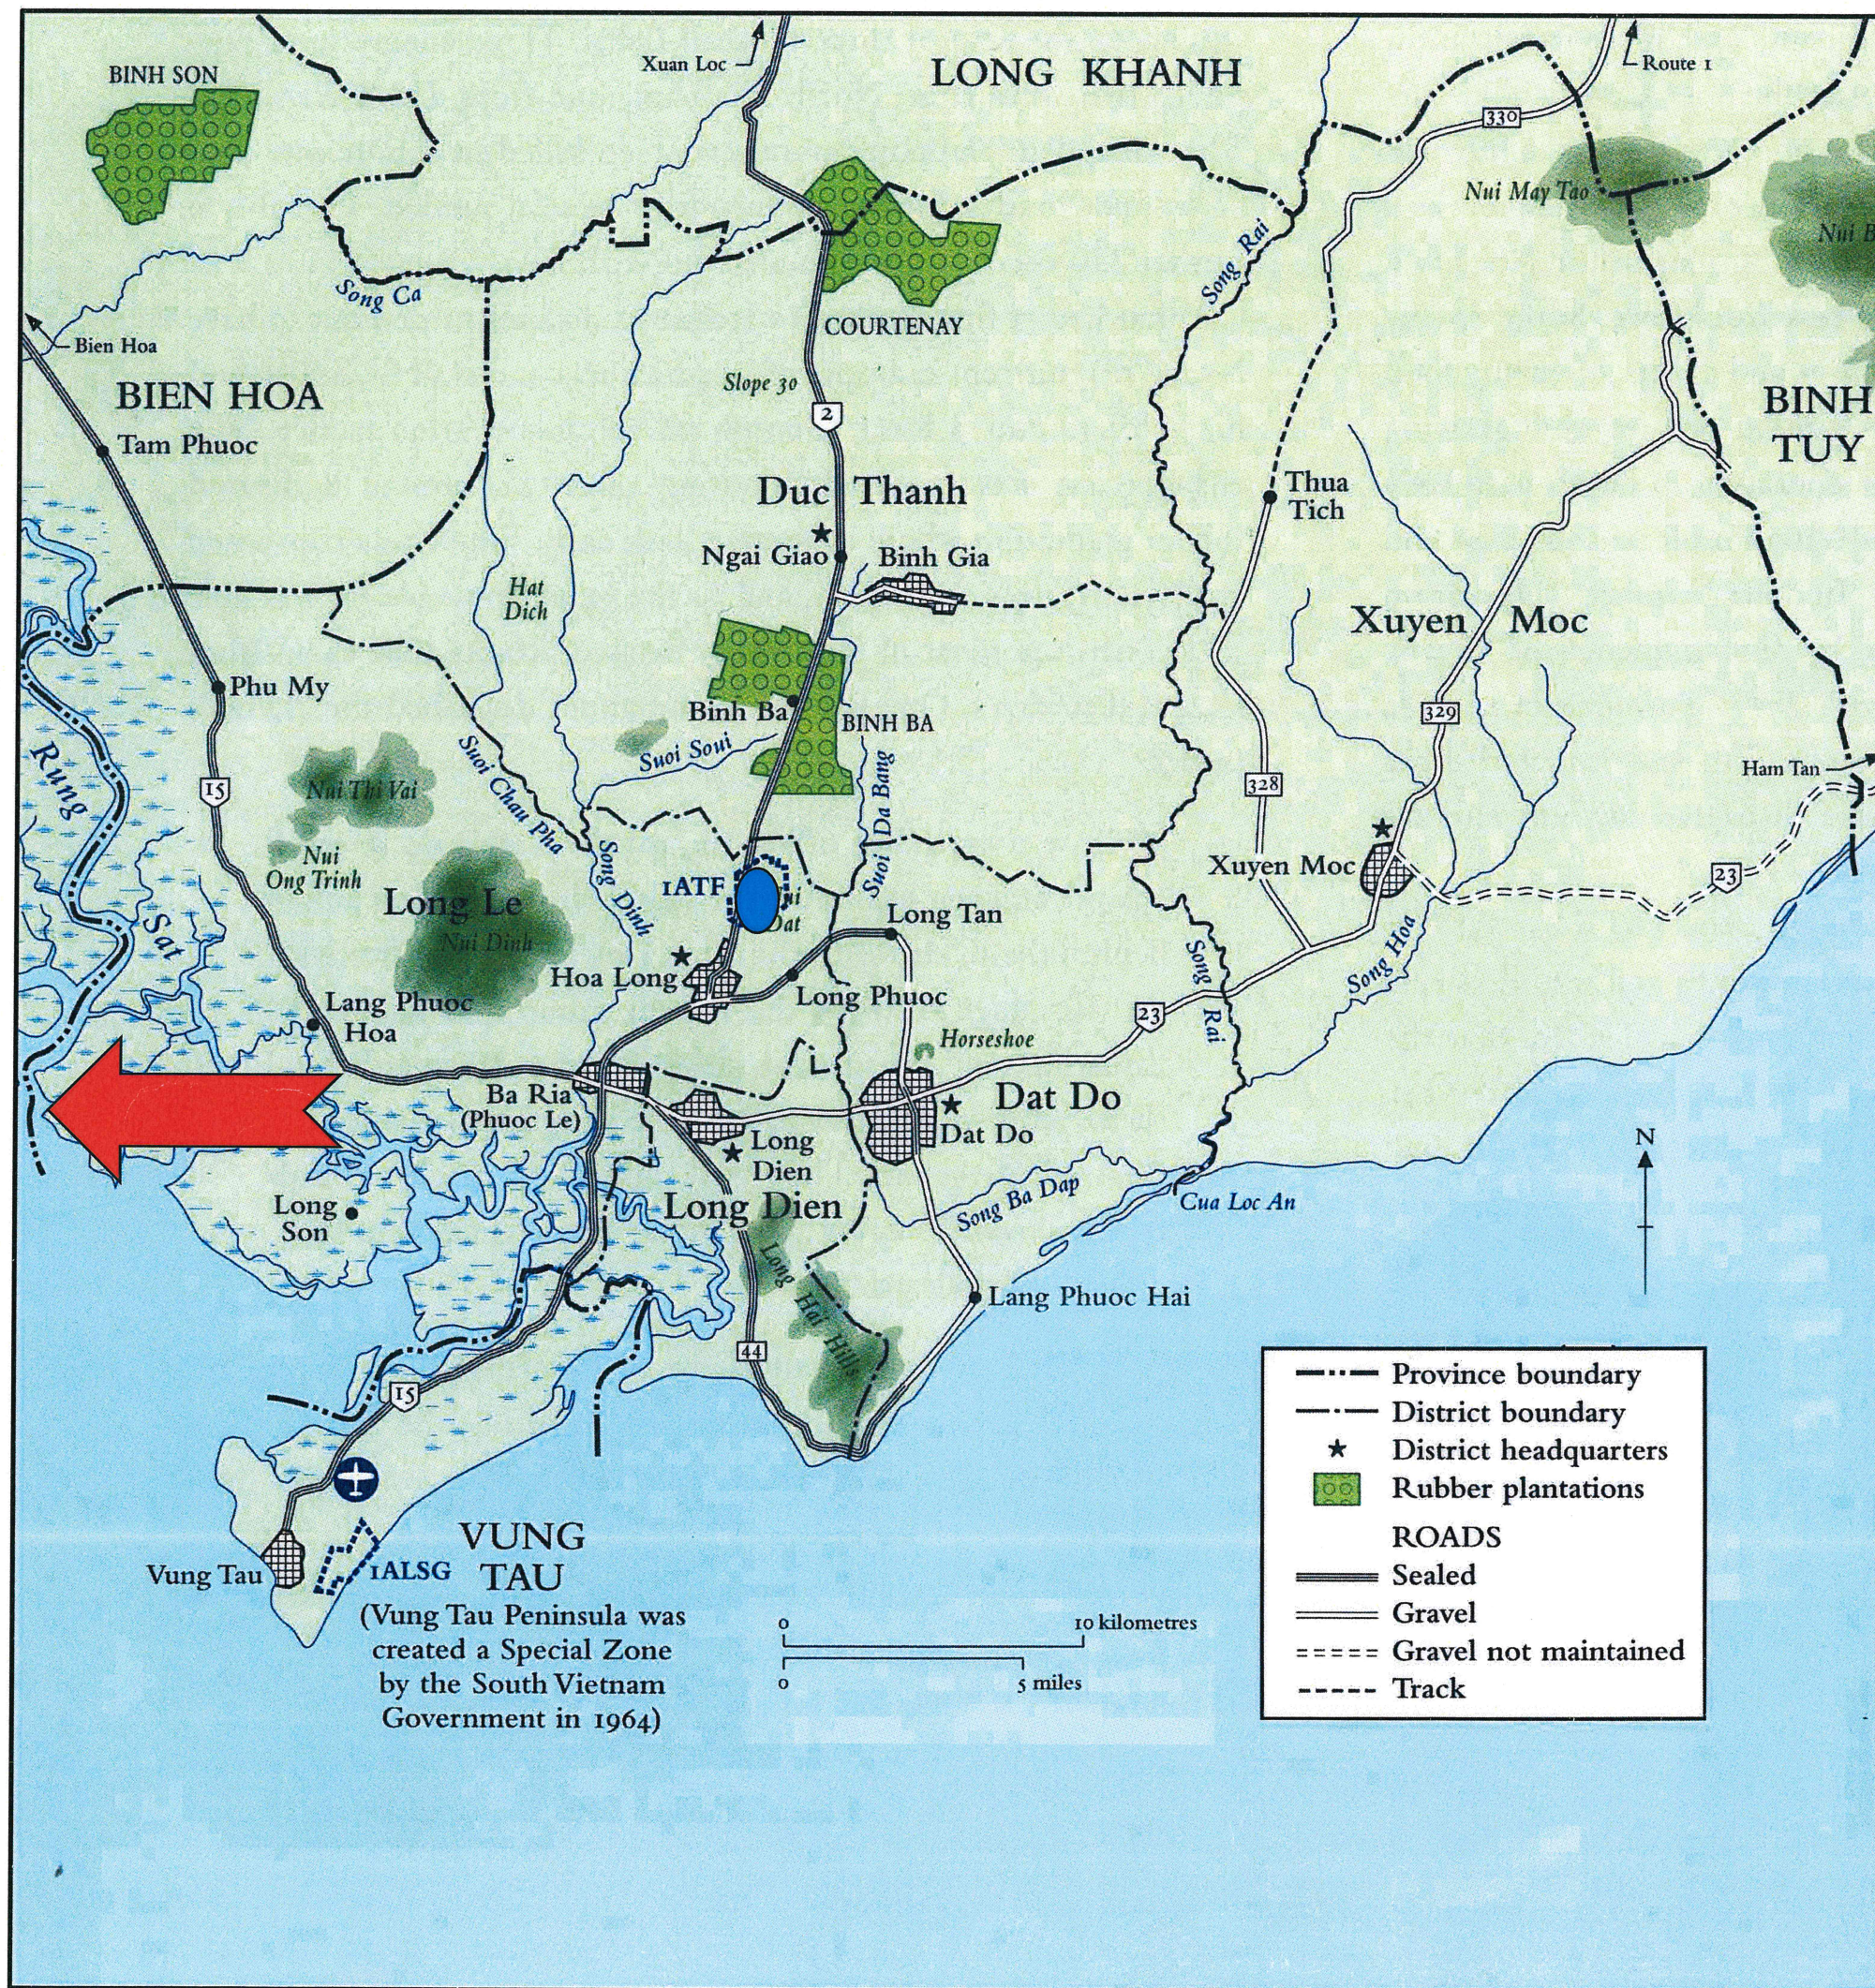

Time sequence: All 1ATF ambushes by time of day

- Shots per casualty analysis for 1ATF
- First to fire according to combat task

For the US forces:

- 50,000 to 200,000 shots per enemy casualty
- The enemy fires first in over 80% of contacts
