Dear Brown,

Herewith I send duplicate copies of License & Sales Agreements with North American Aviation, Inc. The originals were posted by the previous mail via the Aorangi. These have been sent by the Monterey.

I have now almost completed the details of the United License but cannot send it this mail as it is still in the Lawyers hands and has had so many alterations made during the discussions that it will be confusing unless retyped entirely. I will certainly be able to send it next mail.

Best of good wishes

Yours sincerely
E. Woodard
