Letter No. M.149

Mr. C. Bellward,
Mission Austraienne,
S.N.E.C.M.A.,
70 Bd. Kellermann,
PARIS 13eme,
FRANCE.

Dear Sir:

Subject:- Machining Operations Compressor
Rotor Assembly.

Receipt is acknowledged of your letter P.213 dated 20th November, 1961, and of the marked-up blue print.

Since planning, tool design and tool manufacture are in progress for several of the parts which are involved in machining operations after assembly, clarification will be necessary as to the relationship between the detail parts drawings, operation sheets and the actual dimensions after machining at assembly. This matter was raised in relation to one component in M.131.

Would you please ensure that the fullest possible data is brought back by the members of the team.

Yours faithfully,

H. H. KNIGHT.
MANAGER.
