Attention : the MANAGER

Subject : SIAKY spot welder.

Dear Sir,

Enclosed is a copy of a letter received from Mr. M. SIAKY on the 8th, dec. 1961 in reference to the SIAKY spot welder.

They have decided to supply all the drawings and data to enable SIAKY of Australia to build the equipment and give the usual service with the new installation.

It was rather unfortunate that SIAKY of Australia did not appreciate our requirements and the matter was not discussed with the French factory as indicated in our letter ref. P 110 PFF/SG, however Mr. M. SIAKY is quite happy with the new arrangements and the matter can now be finalized.
