PARIS XIIIe,
FRANCE.

Dear Sir,

SUBJECT: D.Q.C. REPRESENTATION IN FRANCE.

Mr. Freeman of D.Q.C. will arrive in Paris at the end of April and will be engaged on investigations relating to the Atar engine and the Mirage wings and fin.

We have provided him with a chart showing all the C.A.C. officers who will be in France during the period of his visit, and their particular functions.

It would be of mutual benefit if Mr. Freeman collaborates with our representatives wherever possible and any assistance you can give him would, doubtless, be greatly appreciated by him.

Yours faithfully,

H. H. KNIGHT.
MANAGER.
