Dear Keith,

It was good to catch up with you last Friday. I am really enjoyed reminiscing with you. We hope you caught up with the other gentleman at the records office in the afternoon, and that you didn't come down with my cold.

We are sending you the photo of Ian's dad. As we don't know when we will catch up with you again we thought we would send it while it is still fresh on our minds.

Trusting you had a safe trip home and looking forward to our next visit we remain yours sincerely
Elleray and Ian Cambridge
