

Wendouree Depot

When, S.E.C. took over in 1934, the following was fixed to front end of roof.

STATE ELECTRICITY COMMISSION
BALLARAT ELECTRIC TRAMWAYS

It was removed a few years later. The road roller also carried the same title.

Depot front fence was of galvanized iron, as was the gates. Cyclone gates fitted about 1939, brickwork years later.

No doors on depot shed until sometime in early 1940's. Modified front about 1935
