BALLARAT TRAMWAYS

OFFICIAL TIME TABLE

NOTE.

The application of the Through-Routing principle to the Ballarat system has enabled a basic service of 20 minute interval to be provided on each route.

This basic service time-table is unchanged throughout the day on Sunday and weekday from commencement of service to finish.

Trams additional to the basic service during various periods of the day give a 10 minute service over the various sections or routes as specified.

All "Out" times apply to the Tramways Centre at the intersection of Lydiard and Sturt Streets.

The thick pointers on clock dials in this Booklet apply to the basic service, and where thin pointers are added, such thin pointers are the times of the additional service.
