FOREWORD

THIS is the second edition of Mac's Geelong Street Directory. The first edition of 5,000 copies was immediately popular, supplying as it did, a long-expressed need, and the entire issue has been completely exhausted.

Geelong, the leading provincial City of Victoria, and the second seaport, with its large and rapidly-increasing area, now has a greater need of an efficient and up-to-date Directory. The Publishers have endeavoured to produce another Directory worthy of this City.

Mac's was the first Street Directory of Geelong to be printed, using the Index and Map System, and the same idea is used again. In this edition all known new streets have been included, alterations of street names and corrections have been made. Although our information came from authentic sources, it is still possible for errors and omissions to occur.

The Publishers would therefore welcome advice of any errors discovered and any suggestions for the improvement of future issues. We thank those who have supplied the valuable information for this book and our advertisers, who have by their assistance made this publication possible.
