Dear Sir/ Madam,

It is the wish of the Festival Committee to extend their sincere thanks to all who helped in the presentation of the 1958 Begonia Festival - from its auspicious opening through to a glorious close.

To Messrs. T. Beaumont and C. Webb we offer our thanks and congratulations on the excellence of the displays of Begonias around which our Festival is built. The displays were better than ever before, and we appreciate the months of painstaking work necessary to provide the beautiful displays right on time.

We offer our sincere thanks to the convenors and their committees that worked so hard in their own particular spheres to provide the entertainments and displays throughout the Festival period; to those who provided entries in the Festival procession, many of whom worked for many weeks preparing floats, etc; to those who loaned trucks for use in building floats, and to the Judges who carried out their difficult task so capably; to members of the Air Force for their assistance in erecting and dismantling marquees and providing marshals with radio to assist with the procession; to the bands that provided entertainment in the street at night and for their help at functions during the Festival; to the firms who sponsored various pages of the Begonia Festival Souvenir Pictorial; to Mr. G. Seabrook who prepared the lay-out for the book, and to the printers who produced such an excellent job at short notice, also the committee that arranged the distribution of the book.

Will all who helped in any way in the months of preparation and during the Festival period, please accept this as a comprehensive "thank you" from the President, Chairman; and Committee of the 1958 Begonia Festival

For and on behalf of the Committee,

Yours faithfully,

D. I. GRAHAM  
Hon. Secretary
