TO MAKE UP: Press with a warm iron and damp cloth on wrong side of work.

Have you bought enough wool to finish your garment? Don't take chances on being able to pick up exactly the same blend just when you want it.

Don't spend precious hours knitting up wool bought at different places and different times . . . different blends can vary, so play safe and buy all your wool at once. Be sure your wool is all taken from the same packet, and buy enough to complete your garment . . . it's worth it.

It is most important that you buy all your wool from the same blend. Successive batches may vary only slightly, but it could show in your jumper.

MITTENS

Using No. 12 needles, cast on 42 sts. Work 16 rows rib of K1, P1. Change to No. 10 needles. Work ribbonholes, K1, * wl. fwd., K2 tog., repeat from * to last st., K1.

How to wash woollies the safe way

1. First trace the outline of the garment on plain paper before washing.

2. Next squeeze the garment gently through rich, lukewarm Lux suds. Rinse 3 times at the same temperature.

3. Then roll the woolly flat in a towel to absorb moisture — but do not wring. Unroll immediately.

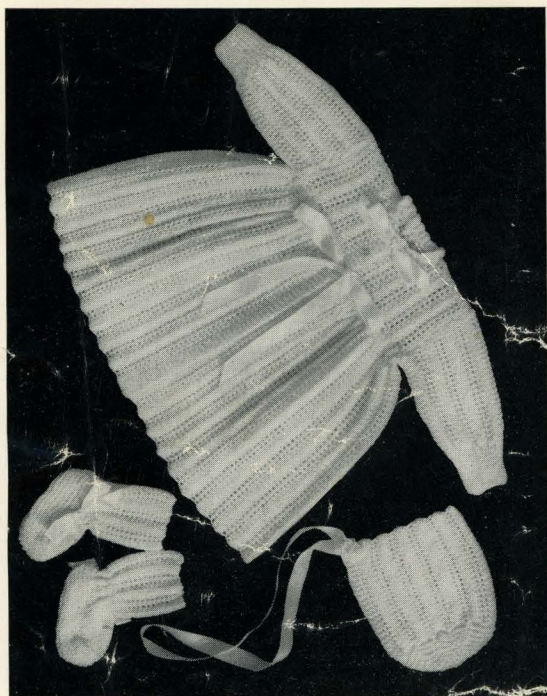

4. Finally ease back to original shape over pencilled outline and dry flat, away from heat.

**Lux is so safe . . .
you'll want to
use it always**
