**"UNITED STATES"
HOTEL,
Main Road, Ballarat.**

MESSRS. Moody and Smith have the honor to inform the inhabitants of Ballarat, and the public generally, that their new Hotel, "THE UNITED STATES," is now entirely completed, and offers every accommodation for families and travellers that can be found in any of the first-rate hotels in the States, at charges both just and moderate.

THE BAR is one of the most spacious and elegant in the entire colony, and is supplied with WINES, SPIRITS, MALT LIQUORS, &c., &c., of the most approved quality and brand.

AMERICAN FANCY DRINKS of every description, made to order by an experienced Barman.

THE BEDROOMS are clean and commodious, and every attention is paid to cleanliness and comfort.

THE TABLE is regularly furnished with good substantial fare, and every kind of vegetables and delicacies the season affords.

THE VICTORIA THEATRE. — The most magnificent theatre out of Melbourne is adjoining, and for the convenience of visitors and residents at the hotel, a door has been opened between the theatre and the hotel, so that ladies and gentlemen may walk out of the sitting room to the dress circle without having to dress and go through the streets to this, which will be the most attractive and fashionable place of amusement on Ballarat.

OUR FRIENDS will do well to come, see, and judge for themselves.
