

1930's

MEMORIES OF LEONIE MUDFORD (FISHER) 1939-1945

My fondest memories of Albion Primary School are:

- Marching to the drum
- Flag raising on Monday mornings
- Students tending the gardens in teams
- Mr Slatery and Miss Major

After Albion Primary School, I attended Footscray Girls School.

I have been a member of the Werribee Bowling Club for 22 years.

MEMORIES OF REG HARRISON 1939-1944

My fondest memories of Albion Primary School were being allowed to mow the school lawns and light open fires in the classrooms, parents digging trenches for air raid shelters during the war, and walking to and from school down all the lanes, which were muddy during winter.

I became a Senior Technical Officer with the PMG (Telstra), and married Gwenda Nener (also a past student of Albion Primary). We have three children - Stephen, Mark and Robyn, who all attended Albion. I worked at many working bees at Albion Primary School in the 70's. I am now retired.
