ROSIE WATERLAND CRAZY LADY

After selling out the Melbourne International Comedy Festival and a national tour with her very first one-woman show last year, Rosie Waterland is back with her brand new offering, *Crazy Lady* "describing in detail, every lie I ever told".

Heralded as Australia's answer to Lena Dunham, Rosie is a best-selling, award-nominated author, and a columnist, TV host, comedian and screenwriter. Her hilarious satirical recaps of the first season of *The Bachelor Australia* earned her household name status, with 7 million unique clicks and half a million shares on the phenomenally popular pieces.

One of Australia's most candid comedic talents, in her new show Aussie pop-culture icon Rosie once again touches on topics from feminism to body image and television. Her irreverent humour has already gathered her a devout online following and now she's set to expand her legion of fans on the live stage all-over again, with a brand new book released timed with the tour! This Crazy Lady sells out fast, so book in early and don't miss out.
