Frontier Comedy Presents
**CHRIS
D'ELIA**
**US COMEDY SUPERSTAR'S
AUSTRALIAN DEBUT**

Chris D'Elia has appeared on Comedy Central's *Workaholics*, *Late Night with Jimmy Fallon*, and Comedy Central Presents, as well as his own stand-up specials on *Netflix* and *Comedy Central*... not to mention the pinnacle of insult comedy - *The Justin Bieber Roast!* The kinetic star of NBC's *Whitney* and *Undateable* is fast cementing his status as a force to be reckoned with in the frenetic touring world of US stand-up comedy.

He's a regular at all the main Hollywood comedy clubs - where he performs multiples times a week - and frequently tours the US and Canada to sold-out crowds.

The energetic D'Elia's "beautiful, scruffy, everyman face" that can "transform into a wide creepy grin paired with a crazy voice that will haunt your dreams (in the most delightful way possible)" (*Bustle, USA*) delivers segue after segue of observational jokes and bang-on accents and impressions.

It's Chris' first time on the Australian comedy circuit so make sure you get in early for tickets to see this off-beat, high-energy comedy natural live!

“animated, with a spectrum of facial expressions and a knack for voices, he owned the stage”
