FOR THE PRIVATE INFORMATION OF THE CANDIDATE

On the front of this tear-off address slip the Board has provided for your private information, and in the same order of subjects as on the certificate, your mark for each subject in which you obtained a grade.

The marks given have been "standardised" i.e. they have been scaled by a carefully worked out process which uses the marks obtained by candidates in all subjects to derive a score on a scale of 5 to 100 for each subject so that the marks given in any one subject mean the same as the marks given in all other subjects. Small differences between your standardised mark for some subjects should not be treated as significant but large differences may help you reach a decision on future courses.

The Board hopes that this information will be helpful to you.
