State Schools are Great Schools.  
Western Metropolitan Region,  
Department of School Education Victoria.

# I N T R O D U C T I O N

**I**t gives me great pleasure to welcome you all to the fourth Western Metropolitan Region Grand Youth Concert. This annual celebration of the range and quality of music education in our schools has become an event not to be missed.

In recent years a series of significant initiatives, both regional and statewide, have assisted the growth of music programs in our schools and this has been reflected in the numerous public performances that have taken place in the wider community throughout the region.

The latest of these initiatives has been the development in conjunction with the Brash Foundation and the Ross Trust of the Lincolnville Soundhouse, which offers students the opportunity to experience the latest in technological advances and apply these to expand their musical horizons.

Tonight's program is extremely diverse in the styles of music represented as would be expected in any true reflection of the community, of which our schools are a part. The program also reflects a growing interest in singing.

I thank the organisers, performers, teachers, schools, and above all the parents, for their support in making this concert possible.

Frank Peck

General Manager, Western Metropolitan Region
