

# Grand Youth Concert

Melbourne Concert Hall

Wednesday 1 September 1993

Compere - Rod Quantock

North/West  
Metropolitan  
Region

## INTRODUCTION

**I** t gives me great pleasure to welcome you to the fifth North/West Metropolitan Region Grand Youth Concert. This annual celebration of the range and quality of music education in our schools has become an event not to be missed.

The consolidation of music teaching and performance in the North/West Metropolitan Region is amplified by events such as the Grand Youth Concert and School Support Centre Area music festivals. Tonight's concert is a culmination of students' work and performing experiences in music education. It is hoped that many students performing this evening will remember it as a significant event in their school years.

We appreciate the continued support of the Brash Foundation through the Lincolnville Soundhouse. This facility is regarded as a valuable resource for students as it provides access to the latest music technology, thereby expanding their musical horizons.

Tonight's program is extremely diverse in the styles of music represented as would be expected in any true reflection of the community, of which our schools are a part.

I thank the organisers, performers, teachers, schools, and above all the parents, for their support in making this concert possible.

Russell Collier  
General Manager  
North/West Metropolitan Region
