Variable 2 speed reversing drills with instant stop

NEW

Metabo sets new standards in drilling and screwdriving

FOR THE
PROFESSIONAL

WORLD FIRST

Metabo new impulse drill

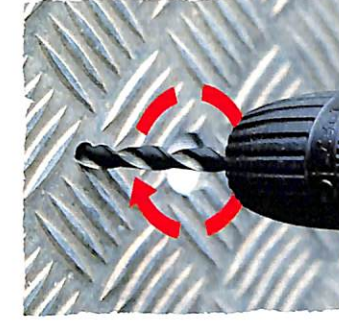

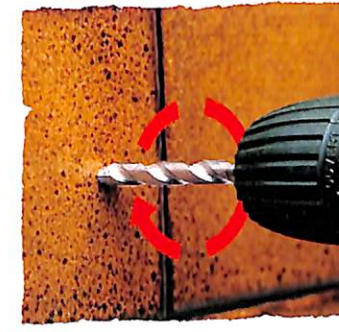

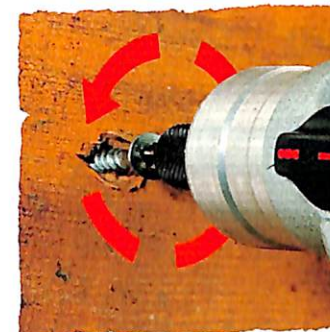

Variable 2 speed reversing drill/impact drill

Plus impulse

Ask your dealer for further information
and demonstration on this new
concept in drilling

Impulse action allows you to

- Extract or insert screws with damaged heads
- Extract-tight as well as bent screws
- Exact-setting of screw depth
- Exact-position drilling without centre punching in metal - concrete-brick-tiles-No drill run off
- Drill-tiles without chipping and cracking
- Drilling results better and safer in sheet metal-aluminium due to short swarf pieces not wrapping around drill bit
- Drill bit does not grab when breaking through

■ SBE 800/2S R+L

Heavy Duty
There are 2 impulse mode settings.
This 800 watt drill has constant
speed under load

SALE PRICE	TAX EXEMPT
\$459	\$378

All these drills feature:

Metabo's new 13mm keyless impact chuck with Quick positive
locking in forward and reverse

Plus Metabo's armature protection shield
for increased working life

■ SBE 600 R+L

600 watt variable speed
reversing impact drill

SALE PRICE	TAX EXEMPT
\$226	\$186

Important when selecting a drill
the output power will be approximately 60%
i.e 1000 watt rated drill = 600 watt output

This is the power you work with -
Some brands it can be less than 50%

■ SBE 680/2 S-R+L

Heavy Duty
705 watt variable 2 speed
reversing impact drill

SALE PRICE	TAX EXEMPT
\$359	\$295

Industrial Power

Metabo Grinders Offer More Power Features and Benefits than any other grinder - **Plus** Safety

New Metabo's powerful angle grinders with rotatable handle

"This is the Grinder For Heavy Industrial Use"

Extra Heavy Duty 230mm Angle Grinder

Features:

- 2500 Watt Motor for extra performance
- No tools required to turn Guard (Lever Action)

Also available
In 2200 watts
230mm - W2230
180mm - W2280

3 Position Side Handle

3 Position Rear Handle

■ **W2530** 2500 watt
Best power to weight ratio grinder
Now weighs only 5.3kg.
Simply compare the difference to others

SALE PRICE	TAX EXEMPT
\$399	\$329

Outstanding Features

The handle can be turned in either direction through 90° at a press of a button.

- Positive locking in these positions.
- No tools required.

- Ideal for jobs with cut-off wheels and also for left hand users

■ **EW 6114S** (705 watt)
Heavy duty 115mm with side switch and spindle lock 11000 rpm
This model does not feature the Quick system

SALE PRICE	TAX EXEMPT
\$235	\$193

Wheel change at a push of a button.

- Unique clamping system for easy and fast tool change without spanners and for increased safety.
- Tightens automatically and is protected against accidental loosening.

TIME SAVER • No more wasted time because of misplaced spanners or costly repairs trying to remove locked on flange nuts

■ **EW 7115 S-Quick**
(750 Watt)
Heavy duty 115mm
11000 rpm

SALE PRICE	TAX EXEMPT
\$272	\$223

■ **EW 7126 S-Quick**
(750 Watt)
Heavy duty 125mm
Unique high torque, 2.5 Nm for a 750 watt grinder
9000 rpm

SALE PRICE	TAX EXEMPT
\$264	\$217

■ **EW 10125 S-Quick**
(1010 Watt) Extra Heavy duty
125mm Non-electronic.
Large power reserve.
Outstanding High Torque 3Nm.
High Torque Improves cutting performance
10000 rpm

High Torque
230mm grinder with electronic self-releasing flange nut. Completely safe

SALE PRICE	TAX EXEMPT
\$429	\$353

Metabo's new electronic system holds the speed constant under load.

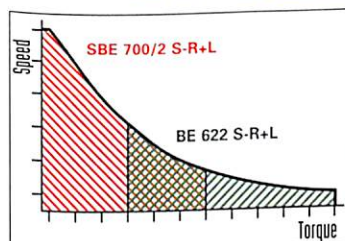

■ **Gs E 7141**

SALE PRICE	TAX EXEMPT
\$437	\$359

Power isn't everything. It's the only thing.

Metabo motor windings are able to withstand temperature of up to 200°C without burning out. This is double normal running temperature.

It is important to understand the relationship between speed and torque and the graph shows the wide range of application of these two drills and how each develops just the right torque for the job.

This drill performs 3 times faster than a 500 watt drill.

Maintains full power under load. For hard work

■ **SBE 1000/2 S-R+L Signal**

Extra Heavy Duty (1010 watts)
13mm keyless chuck
variable 2 speed
reversing impact drill

SALE PRICE	TAX EXEMPT
\$559	\$459

- When working the drill hard
 - Overload warning & Protection
- If overloading the red warning light indicator will flash. Failure to take the pressure off will result in auto shut down - preventing motor burn-out.
- SAVING TIME AND MONEY**

Standard Cordless drills

Longer battery life in light duty application than high torque drills

DSE 130
The Metabo Triangular Sander-Industrial
Pad size-94mm
Orbits-28000/min
This sander is perfect for those difficult and awkward sanding jobs!
• Variable Speed to suit different applications
• Velcro pad for quick change

SALE PRICE	TAX EXEMPT
\$226	\$186

SX E 425
Variable speed 5000-12000RPM
400 watt Random Orbit disc sander. 125mm
The advantage of both rotational and orbital movement means you get an extremely smooth finish and fast removal rate.

SALE PRICE	TAX EXEMPT
\$262	\$215

No sanding scratches when the tool is applied to the workpiece while it is running because of the integral backing-pad brake. Tiresome smoothing-off of sanding scratches is no longer necessary. Ideal for sanding extremely thin materials, such as veneer, and delicate surfaces.

SR 4321
1/2 sheet sander
Also available in 1/3 sheet SR 4320
High speed orbital sanders, accurate counter balance 22,000 orbits/minute. Excellent clamping facilities. Brilliant Finishing Sanders.

SALE PRICE	TAX EXEMPT
\$299	\$246

MAG 832
Magnetic 2 speed Hole - Cutting and Drilling Unit. This machine drills holes in steel in a fraction of the time taken by conventional drills due to the core cutting system having to remove less material for any given size hole. Portable and easily set up on site.

SALE PRICE	TAX EXEMPT
\$2409	\$1977

An Industrial Wall Chaser cutting clean edge channels for cables & pipes

MFE 1125 S 1100 watt
Adjustable depth of cut 5-30mm
Adjustable width 10-17-23-30mm
Plus • Quick connection for dust extraction
Plus • Overload protection
Plus • Constant speed
Supplied with 2 diamond blades & suction hose

SALE PRICE	TAX EXEMPT
\$1289	\$1057

Recommended to be used with Metabo's dust extraction system

Metabo No.1*

Supplier of Electric Power Tools in Germany. **13 out of 15 Years in Succession!** Since 1982.

* Results supplied by marktintern - Evaluates with Distributors the performance standards of Power Tool Manufacturers in Germany.

Protective shield on most Metabo Power Tools

Unique only to Metabo
The Metabo armature winding protective shield
Working under similar conditions, a motor with the Metabo armature winding protective shield has a working life some five times as long as one without a shield.

Five times longer life!

Important - Safety clutch on most Metabo

Drills & Grinders

Benefits of a Safety Clutch

Safety Clutch

- reduces the risk of injury to the operator
- protects the gears of the machine
- protects the cutting tool from sudden shocks
- protects the motor from short term overloading
- keeps you in control

Ask your Metabo dealer for a copy of Metabo's new Power Tool Catalogue for more information
