

Business bus

The Small Business Bus will roll into Dandenong in November. Small business operators will be able to access advice from mentoring specialists skilled in marketing, finance, human resources and sales. The experts have extensive experience in operating small businesses and in senior business management roles. The bus will park in Palm Plaza, near the corner of Walker and McCrae streets, from 10am to 4pm on Wednesday 22 November and in Harmony Square on Lonsdale Street from 10am to 4pm on Thursday 23 November.

Small Business Minister Philip Dalidakis said the small business community was the backbone of economies across the state.

"The Small Business Bus is a fantastic program that brings expert services right to your doorstep," he said.

Free mentoring sessions on board the bus are limited and bookings are essential.
