NO FUSS EVENT HIRE

Big Fuss over hire title

NO FUSS Event Hire has beaten companies across the country to nab the 2016 year's National Event Hire Company of the Year title.

Managing director Geoff Tucker thanked his clients and staff in accepting the award at the recent Hire16 Convention at the Gold Coast.

The company's investment in a range of products to service the growing demands of event delivery, and its adoption of highly developed systems to ensure professional delivery on time every time, helped score the award.

The judges were particularly impressed with the passion and dedication of management and staff at No Fuss.

The award is judged by a professional panel of business analysts.
