COME IN AND TALK BOATS WITH PAT OR NEIL (MON-SAT)

DANDENONG'S tallest building, the Taxation Office's 15-storey complex in Mason St, will open on 1 July.

The building has cost \$23 million and will house employees from both the Dandenong and Melbourne offices.

The existing Taxation Office branch at the Dandenong Hub is an extension of the Melbourne office, but in the

new building this will not be the case—the Mason St office will be decentralised making it responsible for servicing

GIANT PHOTO CONTEST

Win!

1st Prize:

The brilliant Olympus OM-707 Auto Focus Single Lens Reflex camera complete with unique Flash Grip, 50mm lens and case.

Conditions of Entry

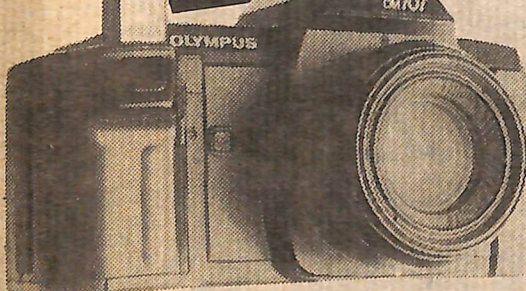

- 1: The competition is open to all residents of Australia except employees of Syme Media Pty Ltd., its subsidiaries and associated companies, participating sponsors and their employees, advertising agencies and the families of such employees.
 - 2: Submission of an entry shall not create any legal relationship between the entrant and Syme Media Pty Ltd.
 - 3: All photographs and the copyright therein become and remain the property of Syme Media Pty Ltd.
 - 4: Prizes are not redeemable for cash.
 - 5: The decision of the judges will be final and no correspondence will be entered into.
- Entries should be addressed to "Giant Photo Contest", PO Box 579, Dandenong 3175. Entrants are reminded to list their name, address, postcode and telephone number on the back of the entry.

Categories

The competition is open to all age groups and is split into three categories — Sport, Community Activities, and Bicentennial events or happenings.
Photographers are reminded that entries will not be returned, so it is of the utmost importance that only copies of original prints or duplications be forwarded for judging.
Entries can be of any size, black and white or color. All entries must be accompanied by a brief description of the subject.
The competition will run for the next three months, commencing Monday, 11 April, 1988. The three best weekly photographs will be published and then will be entered for the grand prize, which will be announced in all SCN publications in the week commencing Monday, 13 June, 1988.

Score another triumph for Olympus — with the brilliant new OM-707! Here, at last, is an Auto Focus Single Lens Reflex camera with a difference. And the difference is total auto performance built right into the camera.
Add up all the hi-tech details and see for yourself how far the OM-707 is ahead of the competition. First there's the unique pop-up Flash Grip so you're never without enough light for the shot.
Then there's the built-in AF illuminator for accurate auto focus even in the dark. The OM-707's super fast and precise "Zero-in Auto Focus" system offers a choice of single or continuous modes, plus "Power Focus" in manual mode. And the sophisticated exposure program with a shift function gives you just the effects you need in every situation.
Next is perhaps the most amazing innovation of all, full flash synchronization even at the top shutter speed of 1/2,000 sec., with the brand new Full-Synchro Flash F280 unit. It stretches the limits of technical perfection, but the OM-707 can do it automatically.
And don't forget the enormous Olympus OM System of photography including the outstanding auto focus lenses designed specifically for the OM-707, is behind the camera every step of the way.

Weekly winners can win photograph albums, portrait frames and Fuji disposable cameras.

Stratagem KIL 0078/R

the top. . .

ing one-third of Victorian taxpayers. It will report directly to Canberra.

A 10-person project team has been preparing for the locational and organisational change to the Dandenong office.

Project co-ordinator Mr Bill Jamison said: "The reason for the change is that it's very difficult to service such a large area, so we have broken the State into more manageable areas. Dandenong will handle

the large area of north-eastern Victoria."

The new tax office will be controlled by Dandenong's first deputy

commissioner, Mr Ken Collins, who has been working for the Taxation Office for 30 years.

Staff from the Dandenong Hub office will start moving into the Mason St offices this month when building

contractors Consuleré will have five floors ready for occupation.

Next to the 47m-high building is a nine-storey

car park which will hold 350 cars, the bottom three storeys being available for public parking.

WHERE DOES ALL THE MONEY GO?

BY KEITH YOUNG

We didn't need those recent TV news reports to tell us that inflation is taking off again. Ask the wives who've had to magically stretch their household budgets. Ask the husbands who've been getting snaky letters from their bank managers.

The cost of living keeps going up no matter what economists recommend and governments propose as cures. Remember when the cent was a useful coin? Now even the \$2 note is so devalued that it will soon become coin, too. Just more small change.

Where will we be in five years' time? It makes you think. Particularly as five years is about the time it takes for a typical insurance damages case to get to court.

Say you are a small businessman and damage or injury happens while you're doing a job. Okay, you are covered by Public Liability Insurance. It seems that you have looked after your responsibilities to your family, your business, your employees, your customers. You are adequately insured.

But are you? In five years' time when the case comes to court think how inflation will have taken its toll. Even now lawyers' fees make your hair stand on end. Legal costs of \$1,000-\$2,000 a day are not uncommon. Then there is the sum of the damages themselves. Sums of \$5 million are not out of the ordinary. I wouldn't even like to hazard a guess what they might be four or five years from now.

The message is very simple. Insurance is your safety net. The reason you can sleep easy, knowing your family and business are cared for. But only if you keep it in line with the ravages of inflation. Give us a ring. No hard sell, just good advice. Keith Young Insurance Brokers: 62 5611 or 62 4501.
