TERRY WHITE CHEMISTS

ESTÉE LAUDER

A world of
difference.

Knowing the secrets to wonderful skin.

All fruit acids are not created equal.

Fruition's gentle-acting, triple AlphaHydroxy fruit acids remove layers of dull, lifeless skin and uncover brighter, clearer, smoother, more even-toned skin.

The 24-hour continuum of protection and repair. Advanced Night Repair protects skin by day from adverse environment effects. At night, it enhances the skin's own natural look after the effects of UV light and environmental pollutants.

A world of
choices ... for lips.

What's on everyone's lips? What isn't?

Whether it's matte, shine or sheer. One thing is clear:

lips have a lot to say...soft, subtle lips. Indelible lips.

Lips that shine on and on. Even whisper-sheer lips.

Clockwise from left: Sheer Bronze Perfect Lipstick, Double Matte Wine and a Bronze Glosspot.

Fragrances as individual
as you are.

Find your Estée Lauder Fragrance.

White Linen. The fragrance to live in all year long. White roses, fresh jasmine and cool greenery.

Beautiful. Endlessly romantic. A thousand flowers warmed with woods and delicate spices, brightened with a hint of mandarin.

Knowing. Warm and sophisticated. Brimming with deep, lush wood notes and an undercurrent of amber and musk.

ESTÉE LAUDER
