Phone 320.

May we together with many others tender our congratulations on your recent Engagement.

When the happy occasion of your wedding comes around, we would deem it a pleasure to help you with your flowers, and suggest you call at our Studio, and view our Album of designs and coloured slides, from which you may get ideas. We can then style your bouquets to suit your personality.

If it is more convenient for you, an appointment may be made to contact us after hours.
