DEAR DAVE:-

RE HISTORY OF HAMPTON PARK

I enclose a further (2) copies of the unpublished draft manuscript by Roy R. Scott on history of Hampton Park.

I also attach (2) copies of a draft history that I have done on Isaac & Catherine Edey & their property 'Maynuck' which Roy Scott regards as the founding white family of the suburb of todays Hampton Park. This work could be used to update the work Roy Scott did on 'Edey'. Besides the photos shown in my work, I attach copies of 2 other photos I have related to 'Edey'.

I also attach a copy of a letter Mrs. A. Farmer (great grand-daughter of Isaac Edey) sent me on 15/3/89 in which she says " I for one, would be willing to contribute as much as affordable towards cost of publication (of Scotts manuscript on Hampton Park) & I should imagine (my brothers & sisters would be willing too)". I suggest you contact her.

Also I am sure if the Society wrote to us, we would be prepared to make a contribution too (possibly $100 - $250)

I do hope that Dandenong Historical Society will go ahead with this project which will help to open the eyes of modern day Hampton Parkers.

Yours faithfully
Ron Smith
