

COPY TO MR. ROBIN BOYD

4th March, 1964.

Mr. Robert L. Laphorne,
Managing Director,
Fremantle International (Aust.) Pty. Ltd.,
Suite 516,
Caltex House,
167 Kent Street,
SYDNEY. N.S.W.

Dear Mr. Laphorne,

Under separate cover, I have despatched to you a brochure and prints of Episodes 1-4 of a children's programme which we have called THE FLYING DOGTOR.

The angle we have taken is that "The Flying Dogtor" looks after the bush animals in a similar manner to that in which "The Flying Doctor" looks after humans. "The Flying Dogtor" is, of course, the hero, and we have called the villain "Carson Carpetbag".

After you have had an opportunity to peruse this little brochure, and to view the prints of Episodes 1-4, we would be most interested to hear whether you would be able to undertake overseas representation for us. You might also let us know what countries you could cover, excluding Australia and New Zealand, in which the feature has already been sold.

I will look forward to hearing from you at your convenience.

Yours sincerely,

HECTOR CRAWFORD
Managing Director
