Mr. Robin Boyd,
290 Walsh Street,
South Yarra, S.E.1.

Dear Robin,

Thank you so much for sending me the material on The Flying Dogtor, which I am delighted to have because a quick look indicates to me that we could be most interested.

I shall take it with me on Friday to Adelaide and during next week I will have time to discuss it with Kaye I hope.

I am most impressed by the presentation, and assume that Crawford Productions do this in order to sell it to various stations.

You have mentioned that so far it is to be shown on HSV in Melbourne, and I am wondering whether it is going into other States, or indeed whether it hasn't already been sold overseas?

There's no hurry on this, but if you could let me know from time to time the progress on it, it is most useful information to have.

I assume that you wish to keep your role in this matter confidential, and I shall continue to do this until I hear otherwise from you.

With kindest regards and thank you so much.

Yours,

Bruce
