Dear Robin,

-1 DEC 1970

Thank you very much for
the copy of Living in Australia. I was
much touched by the gift, and am
enjoying the book immensely. I am
really & truly proud that Mr. Langley could
should appear among so many other
distinguished buildings which you have
designed, and am (as always) most
grateful for what you have done
and are doing for Ormond - and
for your friendship.

Yours

Davis
