Miss Boyd

We couldn't make out those  
other names enclosed.

Women

Sonia: These are the last of the  
telegrams and notes to me about  
the CBE.

Would you please temporarily put  
them with the others — then one day  
when you've nothing better to do,  
type out a list for the file of the  
names of the people who sent them,  
destroying (tearing across) and discarding  
the originals as you go.
