

As 20C came on ~~horning~~ & moved
consolidated & as I've said became the spirit
light of all designers. Yet there was a
strong opposition. In arch, many still
preferred to adopt old styles. The
Functionists pictured the battle as a
simple conflict between right (this side)
& wrong. That ~~the~~ ^{the picture} was "up to the
middle of the century."

Now what is it? A strange ferment
has happened practically without it being
realized. Architecture
Picture a typical suburban scene where things
are up & doing — Nepean Highway
product of pop expression, tangles
of wires, steel railway pylons, ads
flats, street signs — all functional
meanwhile what the avant garde
the precious compositions offering
arches. Horror!

: Glad it was done!

Sydney will be proud

The initiated will get a
lot of enjoyment from it.

Last time it will be done!

Utzon, showing him over, seemed
to be excited by it all. Thought
he had done it all.
