Mr. J. Murphy,

BEAUMARIS.

Dear Sir,

We have pleasure in submitting the enclosed leaflets on Mistral Exhaust Fans and Kempthorne Electric Light Fittings.

More and more people are realizing the luxury of exhaust fans for kitchens, toilets, etc., and you can safely rely on the Mistral.

In addition to the Daydream selection of modern Electric Light Fittings, we display a world wide range of classic and contemporary designs from all over the world. You will be pleased to know that (with the exception of heavy duty industrial exhausters fans which only carry 12½% discount) all these electrical goods carry a trade discount of 20% nett to Builders, Plumbers, and Electricians.

Your enquiries are welcomed for Kitchen Equipment and Sanitary Ware, also Wall and Floor Tiles. Notwithstanding our reputation for high standard exclusiveness, you will find our prices are strictly competitive.

For your next building you are invited to visit our modern show-rooms, where you can select from the largest display of all these goods, and enjoy courteous and expert attention.

Yours faithfully,
ROGERS, SELLER & MYHILL PTY. LTD.
