REPORT.

FIRST Annual Public Meeting, held at the Mechanics' Institute, Melbourne, on Friday the 23rd August, 1867, at half-past seven p.m.

His Honor JUDGE POHLMAN in the Chair.

THE Committee of the Victorian Asylum and School for the Blind beg to submit the following Report of their proceedings during the past year.

After the Meeting held 21st August, 1866, the Committee at once took steps to secure temporary premises in which to commence the work of the Institution. The house in Commercial Road. Prahran, formerly occupied by the Deaf and Dumb Institution, was taken in the month of November last, at a rental of £100 a year, and operations were commenced by the admission of seven children, totally blind, from the Industrial Schools, and two children, also blind, from the Melbourne Orphanage.

Since then twelve children and young persons have been received, making the number now in the House twenty-one.

The Committee have also recently received an application from the Government for the admission of other twenty blind children, from the Industrial School; they regret, however, that, owing to the insufficiency of the accommodation in the present premises, they can only receive six out of that number. Of the inmates at present in the Asylum,

Five are from the Industrial School, Sunbury. Prince's Bridge. Two Melbourne Orphanage. 33 One Eaglehawk, Sandhurst. 33 West Melbourne. .. 22 Brighton. 22 22 Fitzroy. 11 22 St. Kilda. 22 32 East Collingwood. 22 22 Heidelberg. 99 22 Clunes. 99 33 Geelong. ** ** Smeaton. 33 33 Hotham. 231 Melbourne Benevolent Asylum. 33 33

Total 21

In accordance with Rule VI., the parents of one of the pupils pay £20 a year for maintenance and education, and half that amount is paid by the parents for each of four other pupils.

The Committee were fortunate in being able to secure the services of Miss Jones, a trained teacher from the Blind Institution, Bristol, and they have every reason to be perfectly satisfied with the progress the children have made under her care. The instruction given includes reading in raised type, according to Moon's system, mental arithmetic, writing, spelling, and music. The girls, in addition, are taught knitting and sewing. Arrangements have also been made for teaching the boys basket-making.

A male pupil teacher, also blind, attends to the boys' class.

In commencing the work, the Committee introduced Moon's system of teaching the Blind, that being the only one, the books of which they could command at the time; they, however, give the preference to Alston's Glasgow system of raised type, and instructions have been sent home for the requisite supply of books of that character, now daily expected to hand.

The Committee are making arrangements to place the School in connection with the Board of Education, and hope by that means, to obtain a grant in aid of its funds, out of which to pay the salaries of the Teachers, without trenching upon the general funds of the charity. To carry out that object, and in compliance with the conditions of the Common Schools Act, a "Local School Committee" has been formed.

At a meeting of the subscribers, held 21st August, 1866, a list of donations promised to that date was submitted, amounting to

£2054 15s. 6d.; of the amount then promised, the sum of £1909 6s. 6d. has been received, and the Committee have every reason to think, that of the sum then promised, nearly the whole amount will yet be received. Since the date above-mentioned, additional donations have been received in aid of the Building Fund, amounting to £351 1s. 10d.

The Committee have also much pleasure in stating that the sum of £2000 has been placed on the estimates of the present year, in aid of the Building Fund of the Asylum.

Having so far succeeded in their appeal to the public and to the Government, the Committee have recently called for designs for a suitable building to accommodate 120 inmates, at a cost not exceeding £6000 when completed. The present intention is to erect a portion of the building only.

In connection with the proposed building, the Committee beg to state that the site granted by the Government, although an excellent one, stands back from the St. Kilda Road; the frontage, about three-quarters of an acre, having been previously sold, the Committee think it exceedingly desirable to secure this frontage, which the owner is willing to sell at cost—about £350; for this purpose special donations are invited.

The Committee have further to report that a sum of £305 9s. 6d. has been received to date, as annual subscriptions, towards the maintenance of the charity; a sum of £200 has also been received from the Government towards the same object, for the year ending 31st July, 1867.

The Committee have much pleasure in being able to state that, judging from the measure of support the Institution has hitherto received, the necessary funds for its maintenance will not be wanting.

A Ladies' Visiting and House Committee have been appointed who superintend the general domestic arrangements of the Asylum.

The Committee desire to bear testimony to the valuable services rendered to the Institution by the late Hon. Secretary, the Rev. James Mirams.

The Committee think it desirable to make the financial year of the Asylum correspond with that of the Government; the Honorary Officers and Members of the Committee will, therefore, have to be appointed by this meeting till 31st December, 1868.

Examined and found correct.

WM. MACREDIE, THOS. MOUBRAY, Auditors.

APPEAL.

Gratified and encouraged by the progress of the Building Fund the Committee now renew their appeal to those who have not yet contributed, and would especially remind their wealthier fellowcolonists that *Three* donations of ONE HUNDRED POUNDS each are still wanting to secure the first promised of that amount.

Contributions will be received by the Treasurer, Mr. James Moore, 10 Eldon Chambers; any Member of the Committee; or by the Secretary and Collector, Mr. Alexander Weir, 16 Catherine Street, Richmond.
