## THE FEEBLE-MINDED

AMONG the many important subjects considered by the board of directors of the A.N.A., that of health occupies a foremost place. Recently the education, publicity and health committee reported having received a memorandum on feeble-mindedness from the Inspector-General of Insane, Dr. W. E. Jones. The report, which was of an interesting character, stated that the problem of the feeble-minded was intimately connected with our national education, health, efficiency and morality. In the first place the normal child should not be retarded in his education and development by association in class or home with a backward and mentally deficient child. Secondly, the feeble-minded child was invariably unhealthy; many were tuberculous, and many were afflicted with a taint of syphilis. Thirdly, the feeble-minded individual was incapable of earning his or her livelihood to anything like the extent that a normal individual could do, hence each imbecile or weak-minded person was actually a pecuniary loss to the community. He lowered the standard of the worker and might actually be a menace to the safety of those who worked alongside him, and the cause of industrial accident. Fourthly, the feeble-minded were morally weak. The feeble-minded woman, in particular, was liable to be of loose morals. Unquestionably they formed a large part of the submerged class, and the mental examination of girls and boys in reformatory institutions revealed the fact of their deficient power of education, to the extent that they might be definitely regarded as imbecile. A large number of the thieves in our penal institutions might also be shown to be of degenerate and defective mental powers. Eugenically, the segregation of the feeble-minded was absolutely necessary, inasmuch as, with rare exceptions, it was quite certain that their offspring would reproduce the defectiveness of the parents to a greater or less extent. The whole problem of national mental capacity was raised when one studied the question of the mentally-deficient individual.

## ADULT DEAF AND DUMB SOCIETY OF VICTORIA

INCORPORATED

In presenting the 37th Annual Report and Balance Sheet to the Subscribers and Friends of the Society the Committee feel cogent cause for acknowledgment and thankfulness for the Divine promptings which have inspired and directed their activities throughout the year and to express gratitude to the Great Architect of the Universe, Our Father of Mercy and Love, for the ever-increasing measure of success attending their labours.

The Committee recognise with appreciation the unabating and repeatedly augmented support vouchsafed to the Society by its subscribers and record with pleasure this evidence of estimation of the work of the Society on the part of the Public.

Notwithstanding the great increase in the cost of all commodities, the Committee have not only been able to meet all current accounts for maintenance but have succeeded in repaying to the Building Fund the remainder of the £580 deficit that had accumulated by the end of 1917, also to still further add to the provisions for the comfort, enlightenment and "sunshine" of their charge.

To stretch out a protecting and helping hand to the whole of the deaf community of the State is in brief the object aimed at by the Society as will be seen by the Deaf Committee's report. The Society's building in Flinders Street, is the Centre of every activity, and every influence is brought to bear that will lead to the adult deaf people becoming independent and welcomed citizens. At Blackburn are housed those unable to take care of themselves.

### THE DEAF COMMITTEE & ADULT CENTRE.

With emotions of satisfaction and pleasure the Committee draw attention to the appended report from the Deaf Committee which gives clear and ample evidence that the subscribers' money is used to good purpose. It shows that the provision made by the Society for our deaf mute citizens is appreciated and taken advantage of to the full. They have made the Society's headquarters the rendezvous of the whole deaf mute community. Their report clearly shows that it is, to them, Church, Lecture Hall, Educational Institute, Employment Bureau, Social Club, Bank and Library, with the usual young men's and young women's organisations, athletic, rambling and other clubs. Briefly, it is acknowledged to be what all other organisations are to those blessed with all their faculties.

### EMPLOYMENT OF THE DEAF.

The deaf as a class, once they obtain suitable employment, retain their positions for years, frequently for life. During the year just closed few have been out of employment and even those but temporarily.

### THE BLACKBURN HOME.

Among the present inmates of the Blackburn Home are four blind-deaf mutes, others semi-blind, the majority of the inmates being mentally defective as well as deaf and dumb. Recently insane deaf mutes have been admitted to the Home experimentally, the Society's experts believing that incarceration in the ordinary hospital for the insane must mean permanent insanity without hope of cure to the deaf mute; mentally unbalanced and isolated from all sources of communications with one's fellows, how can one possibly gain poise? Association with other deaf mutes and under the care of officials familiar with their language and needs, it was thought there would be some hope of cure. The committee record with pleasure that out of three cases admitted, two from public hospitals for the insane and one privately, one from a public hospital has been returned to his relatives mentally sound and the other two are making satisfactory progress. Tact and patience, with a knowledge of the mental peculiarities and special needs of each individual case is essential in dealing with people so sorely afflicted. Patience and kindness are absolutely necessary if successful treatment is to be achieved. The officer

in charge of this branch of the Society's work is, fortunately, gifted with these most essential qualifications and devotes practically the whole of his time to their comfort, mental and physical improvement and entertainment.

#### THE BLACKBURN FARM RATEABLE.

The Shire of Nunawading has since the opening of the Blackburn Home for Blind, Aged, Infirm and Mentally Deficient Deaf Mutes, claimed that the land is rateable because the produce, the result of the technical training of the mentally deficient section is sold. The accumulated rates having reached the sum of £283/4/4, upon legal advice, the Committee decided to obtain a decision as to their responsibilities. The case was heard in the Supreme Court before Mr. Justice McArthur on Aug. 16th, and judgment was given in the Society's favour. In his reasons for judgment Mr. Justice McArthur said, "There is no doubt that according to his (Mr. Abraham's—the Society's Expert) evidence, which I accept, flower-growing was adopted by him as a method of treatment, training and instruction for the mentally deficient deaf and dumb, teaching them concentration, giving them recreation and occupation for mind and body, training them so that in some cases they would be able to go out into the world and earn their own living. The advantages of the flower-growing method was that it was not merely technical as other systems were, but it was practical inasmuch as the flowers when grown were valuable and could be sold and the proceeds applied towards the upkeep of the Home. I believe Mr. Abraham's ideas in proper sequence were:—

1. That the mentally deficient deaf and dumb required treatment and training.
2. Flower growing afforded the most suitable method of treatment and training.
3. This method would have this additional advantage that it would probably bring in money.

It seems to me clear that up to the time when the flowers were cut and packed and ready to be despatched to market the land itself was used strictly for charitable purposes and for nothing else. If instead of sending the flowers to market they had been at that time destroyed there would in my opinion be no doubt that the land was used exclusively for charitable pur-

poses. But because the product of the land so used is sold and the proceeds applied in part reduction of expenses it is argued that the land can no longer be said to have been used exclusively for charitable purposes."

In concluding Mr. Justice McArthur said, "I give Judgment for plaintiff (our Society) and declare:—

- (a) That the said land is not rateable property within the meaning of the Local Government Act 1903 or the Local Government Act 1905.
- (b) That the said land is land used exclusively for charitable purposes within the meaning of the said Act.
- (c) That the plaintiff is not under obligation to pay to the defendant the sum of £283/4/4 or any sum for rates in respect of the said land."

The Nunawading Shire Council sought permission to take the case to the High Court, which was granted and resulted in judgment being given against the Society and in favour of the Shire by Justices Knox, Rich and Starke. The said Justices finding, "That the use of the land was two-fold (1) the treatment and training of the inmates of the Home and (2) the carrying on the business of growing and selling flowers to assist in the upkeep of the Institution. The latter purpose is not in any sense a charitable purpose and so excludes the exemption claimed."

The Society has therefore to meet the claims of the Shire of Nunawading for £283/4/4 and its own Costs in the Supreme Court Action. The Shire having to pay its own costs in both actions, and the Society's Costs in connection with the Appeal.

In this connection it may be mentioned that the Committee, at the very inception of the Training Farm scheme set out with the aim of making the Farm, so far as possible, self-supporting, and the Victorian Government, appreciating and applauding the Society's successful efforts in training hitherto unemployable and mentally deficient deaf mutes, allocated £700 toward the cost of a reticulation scheme. The whole of that section admitted to the farm capable of employment have been trained and found work for side by side with normal people and although there is little

hope of any of the present inmates finding permanent occupation, an income of £883 has been earned during the past year from the sale of flowers, but it must be admitted that the cost of training practically absorbs the whole of this amount.

Miss Rose Dow, the lady visitor, has fulfilled her duties to the satisfaction of the Committee and her services have been a valuable acquisition to the Society.

The Committee regret having to announce the resignation of Mr. J. Ewing, a member of the Committee, on account of his projected departure to Tasmania, and also of Mr. H. L. Walters, Hon. Treasurer, who has been compelled to take this step through pressure of other duties. The Committee record their appreciation of the valued services rendered to the Society by these two gentlemen.

The Committee acknowledge their indebtedness and tender thanks to Dr. Craig for his honorary services to the inmates, and also to Mr. Evans, of Bay Steamers Ltd., for free passes for the whole of the inmates of the Blackburn Home, together with staff and entertainers for a trip down the Bay, and to the following ladies and gentlemen who provided dinner on board, tea, fruit and sweets for the whole of the party:—Mesdames V. M. Christian, Theo. Kitchen, — Neilson, Miss Grimwade, Dr. G. A. Syme, Messrs. McPherson, MacRobertson, H. V. McKay, G. Doery, H. Bickford, and Jas. Dyer.

The Committee welcome the return from Europe of their Vice-President Mr. E. R. Peacock, now the Senior member of the General Board.

#### Farm and Home.

The Matron acknowledges with grateful thanks Parcels of Clothing from Mrs. Wolf; Clothing, Sweets, etc., from the Deaf Workers' Club; and Sweets from Mrs. Yates.

#### NEW SOUTH WALES.

The Committee congratulate the Committee of the New South Wales Adult Deaf and Dumb Society upon the acquisition of land for their proposed Church and Institute. The Land is situated in Elizabeth St., near the Central Station, and was secured at a cost of £2,360.

The N.S.W. Society was inaugurated about seven years ago by our Principal and at a meeting held at the Sydney Town Hall on 16th Sept., last, organised by our Principal, a strong Committee of active business men was formed to carry on the work.

#### QUEENSLAND.

The Committee also congratulate the Committee of the Queensland Adult Deaf and Dumb Mission in their successful effort to secure a farm-home for the deaf and dumb of that State.

The late F. J. Rose.

We record the passing away of Mr. F. J. Rose at the age of 90, on the 1st of December last. Mr. Rose was the Founder of the first School for Deaf and Dumb Children in Australia—The Victorian Deaf and Dumb Institution, St. Kilda Road—and was its first Superintendent. He was also one of the original Committee of the Adult Deaf and Dumb Society of Victoria, and being a deaf mute himself, took a deep interest in all matters appertaining to the welfare of the deaf. A large number of the members of this Society attended the service at the grave side which was conducted by the Rev. H. W. H. Adeney (a former member of the Committee). The Principal interpreted to the deaf.

#### SOUTH AUSTRALIA.

The Committee also regret the loss sustained by the South Australian Deaf and Dumb Mission by the death of their Superintendent, Mr. S. Cooper.

The Committee once more express their thanks to the public for its generous support, both by gifts and in money, and kind favours accorded to collectors and in other ways.

By Order of the Committee,

R. J. OEHR,

Hon. Secretary.

## EXTRACTS FROM THE

## 32nd Annual Report of the Deaf Committee

Mr. Chairman and Members,

In presenting the 33rd Annual Report and Balance Sheet for the year ending March 31st, 1921, the Deaf Committee are pleased to announce the satisfactory standing of the Deaf community.

We are still plodding steadily on and although unable to report as much progress as looked forward to at the beginning of the year, we can safely say we have not gone backwards at all.

We desire to express our gratitude to the General Board whose aim has been to further our interests in every possible way.

We are delighted to know that our old and valued Vice-President, Mr. E. R. Peacock, is once more an active member after his long absence abroad.

### SUNDAY SERVICES.

The attendance has been fairly well maintained, although much is still desired in the morning attendance. Services to the number of 89 were conducted during the year.

Our Principal has officiated at the Evening Worship and on special occasions, whilst the following Lay Helpers, Messrs. R. Luff, J. Johnston, F. Frewin, A. Sutherland, E. Johnson, and F. Rees, have conducted the morning services. These gentlemen carried out their duties satisfactorily.

A Memorial Service for the late Mr. F. J. Rose was held on December 5th.

On August 1st, a special afternoon service was held.

From Jan. 2nd to Mar. 6th, no services were held because trains ceased running owing to strike restrictions, but week-night services were conducted by the Principal.

Harvest Thanksgiving was held on 20th March; as usual the platform was well decorated with flowers, fruits and vegetables.

The Bible Class (conducted by the Principal) attendance has greatly improved.

Communion Services were held as usual in April, July and October, when the Sacrament was administered.

**Collection.** It is most gratifying to note that our Hospital Sunday Collection for this year was £8/18/6. An increase on that of last year, but the Church collections have not kept pace through the loss of several Sunday Services owing to the train restrictions.

**Rallies** have been held quarterly and have been under the management of the Amusement Committee, who are to be congratulated on their continued success and increasing attendance.

**The Monthly Letter** has been altered for a space of six months to a Bi-Monthly. It is still welcomed in Town and Country.

**Sunday Night Recreation Meetings** are increasingly popular; many of the younger girls as well as boys filling the rooms on Sunday nights.

**The Billiard Table** is still the chief attraction at recreative gatherings. On Friday nights too, business meetings, in connection with Athletic Clubs, are held as occasion requires.

**Picnic.** Cup Day, as usual, was chosen for our Annual Picnic and again Wattle Park was the selected spot. Unfavourable weather caused a smaller attendance than last year.

**Garden Party.** Mr. and Mrs. Abraham's Annual Garden Party took place on March 12th, when a monster gathering was most hospitably entertained.

**Bank Report.** The Hon. Manager has pleasure in submitting the report of year just closed. The business has been carried on satisfactorily, there being 47 depositors on the roll. The balance of £113/2/3 left from last year brought the total up to £280/8/8. The withdrawals amounting to £164/8/8 reduced the amount in bank to £116.

**Library.** This is still in a satisfactory condition. Many fresh periodicals have been added to the regular supply. The Hon. Librarian (Mr. Mortimer) has acted for many years, and for the past twelve months has been kindly assisted by Messrs. J. Cariss and F. Rees. Our sincere thanks for their good services.

**The Athletic Club** maintains a firm position. The No. 1 lacrosse team in the "A" junior section was successful in its bid for the Premiership honours and the No. 2 team in the "C" section for the Runners Up. The event of the season was our team's trip to Adelaide to play the 2nd Interstate Lacrosse match, beating the South Australian team, it won by 14 to 5. The lacrosse club was fortunate in having the good services of Mr. A. Kidd, who very kindly offered to act as its delegate on the Victorian Lacrosse Association. The cricket club was admitted to the third grade of the Victorian Junior Cricket Association last season, but unfortunately lost all matches. A new second team was formed and played a number of friendly matches.

**Deaf Worker's Club.** The Hon. Secretary reports that the Deaf Worker's Club continues to grow in popularity and usefulness. The Committee undertook the arrangements for catering at the Socials and Rallies at the Centre. The members donated gifts of useful articles to the Centre and to the Farm, also boxes of chocolates with dainty handkerchiefs and cards to the women inmates of the Home at Christmas.

**The Ramblers' Club,** which has now been in existence for nine years, is as popular as ever. The outings were held every second Saturday. Many enjoyable rambles have been spent at various interesting places, followed by teas at the Centre.

**Deaf Women's Guild.** It is pleasing to record that the work of the Women's Guild is still going splendidly. The number of members on the roll is 46—being a large increase over last year's total. The members have contributed numerous papers and recitations, which were very good.

**Marriage.** Mr. J. Hunt, of Ouyen, to Miss P. Elliott, of Mildura, on March the 9th.

**Births.** A daughter to Mr. and Mrs. Alex. Collins, of Neerim, in June.

A daughter to Mr. and Mrs. Sam Ferguson, of Bowman's Forest, in December.

A son to Mr. and Mrs. R. Luff, of Oakleigh, in January.

A Son to Mr. and Mrs. Burge, of Newmarket, in February.

With deep regret we record the death of:

Mr. Alex. Collins, of Neerim, in July;

Mr. Victor Harding, of Melbourne, in September.

Miss Jane Huish, of Maldon, in January;

Mr. F. J. Rose, our old and well-loved friend, who passed to his well-earned rest on the 1st December.

In conclusion, your Committee desire to express their appreciation of the confidence shown in them by the Congregation and trust the coming year will prove that good-fellowship and unity are ever to be found amongst us.

Your Hon. Sec. desires to tender his grateful thanks to the members of Committee and Congregation for their valuable assistance given to him during the past year and trusts that it will continue.

W. A. PATERSON,

Hon. Secretary to Deaf Committee.
