*This Society is NOT CONNECTED with the Victorian Deaf and Dumb Institution, which is a RESIDENTIAL SCHOOL for Deaf and Dumb Children*

THE HOME FOR AGED, INFIRM, MENTALLY DEFECTIVE, AND BLIND DEAF MUTES AT BLACKBURN

## FOR THE ADULT DEAF AND DUMB

The Adult Deaf and Dumb Society of Victoria provides a special institute for the Adult Deaf and Dumb, known as The Adult Deaf Mute Centre, Jolimont Square, Melbourne East.

Every effort is made to provide these doubly handicapped people—at our One Institution—with similar advantages as are enjoyed by hearing and speaking people in many associations.

The headquarters of the Society contain a Church, Social and Lecture Hall, Classrooms, Billiard Room, Library, Offices, etc. Here services, lectures and classes are regularly conducted in the language of the deaf and dumb by expert instructors. There are frequent socials and entertainments; also there the Deaf Lacrosse, Cricket, Tennis and Rambling Clubs hold their meetings.

One or other of the Officers of the Society is on duty from 9 a.m. to 10 p.m. daily to assist in our activities of the Employment Bureau and Relief Agency. The Society also publishes its own newspaper. The mere fact of being deaf and dumb entitles all so afflicted to these advantages. It is open to all denominations.

For the Aged, Infirm and Blind Deaf and Dumb, there is a comfortable home, beautifully situated at Blackburn. For those who are Mentally Defective, as well as deaf and dumb, there is a Training Farm connected with this Home. This is another activity of the Adult Deaf and Dumb Society.

We believe there are many more in the State bearing these terrible afflictions, the relations and friends of whom have never heard of our home.

### DO YOU KNOW OF ANY PEOPLE SO AFFLICTED ?

And, if so, will you do your part to help them, and put us into communication with their parents or friends.

Please communicate with the Principal upon all matters pertaining to the welfare of the deaf and dumb.

Address:—The Principal,  
Adult Deaf Mute Centre,  
Jolimont Square,  
Melbourne East, Vict.

FORTY-FOURTH  
ANNUAL REPORT  
OF THE  
**Adult Deaf and Dumb Society**

OF VICTORIA (INCORPORATED)

MARCH 31st. 1928

One report must of necessity, in a work of this character, be very similar to the last, and, for that matter, all previous years.

Each year has its outstanding feature and note of progress, either in the Society's own work or in the advancement made generally in means and methods of dealing with the problems of the care and training and after-school welfare of the Deaf and Dumb.

This year we propose to give an outline of the work that the Society is actually doing, and the difficulties and problems that have regularly to be faced.

#### RELIGIOUS WORK.

The religious work is always of the first importance. Divine Worship in the finger and sign language is held every Sunday morning and evening in the Hall of our Centre (pending the erection of the special little church for the Deaf), and on Thursday evening a Scripture class. These meetings are conducted by the Principal and/or the Missioner.

#### EMPLOYMENT OF THE DEAF.

One problem is the employment of the Deaf and Dumb. Never before have we had so many skilled deaf mute workmen out of employment. Unemployment is general and a problem to every organisation. To the deaf mute, handicapped as he is, it is doubly hard, for he is most frequently amongst the first to go and the last to be reinstated. Not because he is less skilled in his particular trade, but because, after all has been said in his favour, there is the ever-present impression that being deaf and dumb he must be less efficient than the normal, and as a last excuse—"well, then, there is the difficulty of making him understand." The Deaf, when rightly trained, make skilled and desirable tradesmen.

On leaving school at the age of sixteen the Deaf and Dumb youth should immediately be put to some vocation of manual skill, at any cost, because his future

depends upon this start in life, as well as his status with the rest of the community. It would be wiser to spend £100 to-day in making a deaf mute an efficient tradesman—which means an independent, self-supporting citizen—than that he remain more or less dependent throughout his life, costing in the long run considerably more to the community, and also missing life's best gifts.

It is well that we remind our subscribers and the public generally that it is not the object of this Society to employ deaf mutes who are capable of earning their own livelihood side by side with normal workmen. It is our aim to encourage the Deaf and Dumb to share all the responsibilities of citizenship with normal citizens. But there is a section of the deaf mute community who cannot maintain themselves without direct expert supervision and assistance—the mentally undeveloped. Some are too slow, some insufficiently educated, others sub-normal in varying degrees of mentality. For these, occupation of some kind should be provided. It is beneficial to them and to the rest of the community that these be provided with work under the supervision of an expert officer, at a wage sufficient to maintain themselves, or boarded and allowed a certain sum weekly according to their actual earnings. Otherwise, after trying to obtain permanent work, and in many instances leaving a wrong impression behind them as to the capabilities of the normal deaf, they become casual labourers, pedlars, etc., and finally a charge upon the community — this through no real fault of their own, but owing to the lack of instruction and supervision.

This is a serious question, which should be dealt with immediately, as it involves the matter of the employment of the whole deaf mute community. One or two deaf mute "failures" passing from workshop to workshop do incalculable harm to the skilled deaf mechanic.

In most instances, under favourable conditions, the "failure" can be trained, if not to earn the standard wage, certainly sufficient to maintain himself. Up to the present the Society has been able to but superficially deal with this problem, giving the more pressing cases of the sub-normal temporary work and shelter at the Blackburn Home.

#### EDUCATIONAL WORK.

In every circumstance of life the Deaf and Dumb are heavily handicapped, chiefly through their lack of

opportunity to advance with the rest of the community, for deafness isolates far more than the average person has time to consider. It absolutely cuts off the Deaf and Dumb from the rest of the community, so far as every-day conversation and public provision for mental advancement is concerned. In the elementary stage of training a deaf mute child as much time as possible is devoted to the acquisition of language, the power to read and write English—for this is the avenue through which the deaf mute acquires all other knowledge. It is the bridge between the hearing and the deaf, as well as the means by which he must acquire knowledge of the trade that is to support him through life, for the ordinary avenue, hearing, is closed.

On leaving school at sixteen the deaf mute naturally turns to the Adult Deaf and Dumb Society as the centre of his community life and future development.

The Officers of the Society, all of whom are well acquainted with the language and needs of the Deaf and Dumb, their training and possibilities, are supported by a body of enthusiastic deaf mutes under the direction of a Deaf Committee, of which the Principal is chairman.

It is under the auspices of this Committee that the Religious, Educational and Social Work of the Adult Deaf Mute Centre is carried on. The occupations by which the members of this Committee earn their livelihood may be interesting—Blacksmith, Coach Builder, Dental Mechanic, Cabinet Maker, Carpenter, Canvasser, Gardener, Glass Worker, Nurseryman, Missioner and Pickle Manufacturer.

The means by which the education received at the special school is continued, and the moral and disciplinary uplift of the deaf is given, is through meetings, lectures, classes, socials, etc., organised by the various deaf guilds and clubs, each having its own committee, the meetings of which are educational in themselves. The Tennis, Cricket, and Lacrosse clubs are also controlled each by its own committee. Details will be found in the summary of the Deaf Committee's report.

#### HOME FOR DEFECTIVE DEAF.

Since the Society's Home at Blackburn was instituted a large number of deaf mutes have been admitted.

The Home is always open to all classes of the Deaf and Dumb who have failed for one reason or another to "make good." Some of these who came within the sphere of the Society's influence just needed a "steady-ing" under favourable conditions; with others the regular life, good food, discipline and wholesome advice, tactfully given, was all that was necessary; and they are to-day earning their own livelihood.

Even with seemingly bright and intelligent deaf mutes, wisdom and the sense of responsibility are frequently absent.

Practically the whole of the Mentally Defective are lacking in the power of attention. Here, kindness, tact and infinite patience are the essentials, but once you can instil a modicum of concentration your success in training, in some degree at least, is assured. During the past year 8 deaf mutes have been admitted and 6 have left; at the present time there are 29 at the Home, consisting of 4 Blind and Semi-Blind Deaf, 5 Aged-Infirm, 16 Mental and 4 needing Special Training.

#### MENTALLY DEFECTIVE DEAF.

In an article on "Mental Deficiency" Dr. John Bostock, Medical Superintendent, Mental Hospital, N.S.W. (which appeared in the Medical Journal of Australia, February 19, 1927), said:—

"Even the brightest specimens require careful handling by society in order to produce a modicum of performance, whether mental or physical, and this can be done only by studying the peculiarities of each particular case.

"Contrary to general opinion there is less similarity than in normal children, and rule of thumb methods should be a thing of the past.

"I trust that I have made myself clear that there is no standard defective.

"The moron, or feeble-minded, development may take the place of a child of eight or twelve, and though ability to do fairly complicated work is present, the ability to plan or earn a living without supervision is lacking."

Our Home at Blackburn was established to deal, amongst others, with this class, who, in addition to being mentally defective, are also deaf and dumb, and the Society's expert is in perfect accord with the conclusions of Dr. Bostock. The expert must adopt a

method to suit every individual case, and not the patient to his particular method.

Dr. Bostock further says:—"We have quite a sprinkling of deaf mutes in all classes of deficiency. It is peculiarly difficult to train them or even to assess their native intelligence. As an example of how they need special care I have seen the nurse in charge spend an hour in trying to find why one of them was crying; finally a particular doll was produced and the howls ceased."

This all goes to prove how necessary is a Home such as ours, where such cases can be dealt with by trained and adequately qualified persons.

The average mental developmental age of the deaf mute is, of course, considerably below that of the normal; perhaps five to seven would be nearer than eight to twelve.

There are other deaf mutes whose mental condition is below that of a child of four, yet so advanced in physical development as to mislead the uninitiated into the belief that their childishness is mere cunning. Excessive gesticulation is very common and has frequently led those unacquainted with the "mind" of the deaf mute to believe them to be not only insane, but dangerously so, whereas they are merely talking to themselves in their own language of gesture, perhaps in a somewhat exaggerated manner, but no more so than a normal child when playing alone talking to its wooden horse or chasing imaginary pirates.

All these cases respond in some degree to tactful handling.

#### MONETARY ASSISTANCE.

The Board does not encourage the deaf and dumb just because of their affliction to depend upon the Society for monetary assistance in all circumstances and occasions, though when absolutely necessary help is given generously. The Board believes that it is preferable to give even a substantial amount that removes a difficult position rather than a series of small allowances that would not permanently overcome the difficulty. One instance out of many will illustrate the Society's methods.

A married deaf mute fell out of work, got in arrears with the landlord and tradespeople; the first knowledge the Society had of the case was when the bailiff was about to take possession of his furniture.

A full statement in detail of the amount he owed was obtained. He was then asked what his friends would do; one friend came forward with £10, and the Society advanced the rest. Employment was found for him and the rent and all the tradespeople paid. The deaf mute was thus enabled to make a new start, reporting from time to time at the Society's office to prevent a relapse.

During out-of-work periods married couples have been allowed up to £2 per week, and single men and women £1 per week.

The total amount of monetary assistance for the year was £153, and £109 for relief work.

#### THRIFT.

The Society has its own little Bank, and the amount deposited by the deaf during the year speaks for itself. No depositor is allowed to have more than £20 in the bank. When that sum is reached he is advised to transfer to the State Savings Bank. Last year 7½ per cent. interest was given on money deposited. The Deaf Committee (who manage the bank) have a special fund to provide for this interest. It does not come from the funds of the Society.

Amount deposited, £992/15/9; withdrawn, £893/10/-; in Bank 31st March, £586/17/-.

#### INTERPRETING.

It has been said before that our fellow-citizens who are deprived of hearing and speech include all classes, as would any 1,000 of the ordinary community gathered together haphazardly.

Hence we are not without the few that call for the presence of our officers at the police courts occasionally to interpret, but we are very glad to report that it is very seldom that we have to deal with a serious case.

Thanks to the Chief Commissioner of Police and the officers in charge of the various police courts, we have been immediately informed when an interpreter was required. During the year an officer from our Society has attended the City, Fitzroy, Brunswick, Geelong, Ballarat, and Kyneton courts to interpret, and he took charge of 7 deaf mute cases, 3 of which were admitted to the Blackburn Home.

The Society's officers are also frequently required to interpret at Weddings, Social Functions, family adjustments, burials, etc.

#### SELF HELP.

The spirit of self help on the part of the deaf and dumb members is very pleasing to the Board.

One has to remember that, comparatively speaking, the deaf and dumb are but a small and scattered community. If the whole of the normal population attended the churches and public meetings on the same average as the deaf, the existing buildings would not hold the people, and the same might be said of the spirit of giving. Last year their church offertories amounted to £64/19/-, not including special collections such as that of Hospital Sunday, when a congregation of less than 70 contributed £8/8/-. The tennis club has paid £112 off the cost of the construction of the tennis court, and the Billiard Committee have in hand about £90 toward the purchase of a new table. All the guilds and clubs pay their own expenses.

#### OPEN TO ALL.

It will be readily admitted, after a perusal of the foregoing, that work amongst the deaf and dumb is a peculiar work, and must be carried on by a specially trained staff. Its benefits are denied to none. To be deaf and dumb is sufficient in itself to give the applicant a claim upon the resources of the Society. There is always an officer in attendance at headquarters, and one or other of the Society's experts will respond immediately to a 'phone message in case of emergency.

#### VISITORS.

During the year our Adult Centre was visited by Professor Morris-Miller, President of the Tasmanian Institution for the Deaf and Dumb and Blind. Mr. J. Love (and Mrs. Love), headmaster of the Western Australian Institution for the Deaf and Dumb; Mr. A. L. Lonsdale, Hon. Superintendent; Mrs. Gore Jones, Organising Secretary; and Mr. Hersee (Mrs. Hersee), newly appointed Welfare Officer of the Adult Deaf and Dumb Society of New South Wales.

During the year arrangements had been made for a Special Appeal, but this has been suspended meantime.

#### ADULT DEAF WORK IN OTHER STATES.

The Board is pleased to note the rapid development in Adult Deaf Work in the Sister States; especially do they congratulate the Board and members of the N.S.W. Adult Deaf and Dumb Society upon their remarkable achievements in raising £31,000 and the purchase of Royal Society's Buildings, 5 Elizabeth Street, Sydney, which were opened on the evening of Sunday, February 19, with Divine Service.

South Australia has also made a great move forward in its provision for the Adult Deaf. Through a bequest of £10,000 the Board was enabled to purchase a most suitable site, an acre in extent, and a new Central Institute has been erected in Adelaide at a cost of just under £10,000. The old Institute, which was the first to be erected in Australia for the special use of the Adult Deaf, is to be sold.

The Queensland Adult Deaf and Dumb Society, which is also housed in a well-equipped Institute of its own, recently started vocational training for the Adult Deaf, and this year's report claims marked success.

For some years past the Adult Deaf of Western Australia have been gathered together for Divine Worship and Social gatherings. Last year an Adult Deaf and Dumb Society was founded on the line of the older States, and this year a movement is developing for the establishment of an Adult Deaf Society in Tasmania.

#### RECREATION.

The social and recreative side of the work is not the least important. The Adult Deaf compete with the hearing at cricket, tennis, and lacrosse, holding their own, and their indoor-games and amusements are equally enjoyable and wholesome. The Saturday night social is the most popular amongst the young people. In the afternoon the various clubs meet at the Jolimont Centre. In the evening there is always a crowd participating in parlour games, cards, or a billiard tournament. The Library is well patronised. On Thursday evenings there is a cinema picture show which is open to all, and is also an attraction.

#### OUR PRESIDENT.

During his absence from Victoria our former Vice-president, Mr. E. R. Peacock, was elected to the position of President. Although he was not with us to

discharge the duties of his office throughout the period under review, we are glad to welcome him back in renewed health and vigour before the close of the year, and hope we may have the benefit of his experienced counsel, inspiration, and help in the future.

#### GRATEFUL ACKNOWLEDGMENTS.

The General Board desire to tender grateful thanks for the following special donations:—

J. M. Griffiths, £200, and promise of further £100 to the Deaf Church Building Fund.

The Wilson Trustees for £500 to the General Building Fund.

John Russell Macpherson Trust, £100 to the General Building Fund.

To "Australasian Films Ltd.," "Metro Goldwyn-Mayer," "Universal Film Co.," for loan of films throughout the year for the Society's Thursday Evening Cinema Entertainment for the Deaf.

To Mr. Evans, of Bay Steamers Ltd., for passes for annual picnic down the Bay; H. V. McKay Pty. Ltd., £2/2/-; Sir Wm. McPherson, McPherson Robertson, Esq., Manager Carlton United Breweries, Myer Emporium Ltd., £1/1/- each; Mrs. E. Lee Neil, Mrs. V. M. Christian, Sir Geo. Syme, Misses E. J. Hearn and Annie Danks, £1 each; Mrs. Theo. Kitchen and Mrs. K. Ratcliffe, 10/- each, toward the expenses of the outing; Mr. W. A. Gibson, of Amalgamated Pictures Ltd., for an advertising film.

#### APPRECIATION.

The Members of the General Board of the Society wish to record their appreciation of the services rendered by all Committees, officers, and the Society's officials, both at Jolimont Square and Blackburn Farm.

We desire to again express our appreciation of the valuable services rendered by our honorary medical officers, Drs. W. J. Craig and F. May; also to the subscribers and friends of the Society we extend our thanks for their support, by the aid of which we are enabled to carry on this important work.

On behalf of the Board,

E. R. PEACOCK, President.

HAROLD BICKFORD,

Chairman.

R. J. OEHR, Secretary.

VICTORIAN ADULT DEAF LACROSSE TEAM

By kind permission of "The Argus."

EXTRACTS FROM THE  
40th Annual Report of the Deaf  
Committee

To the Members of the Adult Deaf Congregation.

Ladies and Gentlemen,

Your Committee have the honour in presenting to you their 40th Annual Report and Balance Sheet for the year ending March 31st, 1928, together with a record of the doings of the congregation. It has been a year of steady and quiet work.

Your Committee have pleasure in again recording the high esteem and appreciation that the members have for the valuable assistance extended to the deaf congregation by the General Board during the year.

Divine Services have been conducted on Sunday mornings and evenings throughout the year by the Principal, Mr. E. J. D. Abraham, and the Missioner, Mr. J. M. Johnston.

Hospital Sunday services were held on the 23rd of October, 1927, when the collection amounted to £8/8/-.

On 25th March, 1928, a Harvest Thanksgiving Service was held, and the Church was most appropriately decorated.

The Sacrament of the Lord's Supper was administered after morning service on four occasions with good attendances. The Principal officiated on these occasions.

A Memorial Service was held on Sunday evening, 26th June, at our Church, conducted by the Principal, in memory of the late A. Wilson and W. P. Muir, two of the oldest and esteemed members of the Society. Mrs. A. Wilson and her children and sister were present.

The ordinary Offertory for the year was £64/19/5.

The Thursday Evening Scripture Study Classes and lecturettes have been made more attractive by the addition of cinema pictures. The attendance has increased considerably.

The Social side of the Society has received the Committee's careful attention, and the Quarterly Ral-

lies were most popular. All the various social evenings held were under the supervision of the social sub-committee, who carried out their duties most successfully.

April 20th, 1927, Easter Rally; May 19th, 1927, Welcome Social to Mr. Lonsdale, of Sydney, N.S.W.; June 6th, 1927, King's Birthday Rally; September 22nd, 1927, Anniversary Rally; November 8th, 1927, Benefactors' Day; November 15th, 1927, Welcome Social to Miss N. Spence, of Glasgow, Scotland; December 15th, 1927, Christmas Rally; December 22nd, 1927, Welcome Social to Mr. R. H. Lambert, of Edinburgh, Scotland; December 31st, 1927, Impromptu Social for benefit of Country and Interstate deaf visitors; February 27th, 1928, Welcome Social to Mrs. Hawkins, of Adelaide, S.A., and Mr. E. Bourke, of Christchurch, N.Z.

The Annual Picnic was held at Mordialloc on Cup Day, November 1st, 1927.

An illustrated lecture on "Australian Native Animals and Birds" was given by Dr. Brooke Nicholls to the congregation on 25th July, 1927.

The popularity of the Saturday night gatherings has been well sustained. During the year two new indoor games were introduced.

The Deaf Workers' Club is still doing useful work amongst the deaf. The usual help in supervising the social suppers at the "Centre" was given, and a Xmas Dinner to the inmates and officials of the Blackburn Farm and Home at the "Centre" on December 20th, 1927, after which a social evening was held.

The Women's Guild is still keeping up its reputation as an instructive gathering; many excellent papers and lectures being given during the year. The Guild regrets to report the death of Miss Cooper, who gave free painting lessons to the young members.

The Men's Guild has again passed through a successful year, and the members continued to show much enthusiasm in their meetings. Many splendid lectures and papers were given. The membership roll is still high despite the increased fee.

The Library has not been so well patronised as in previous years. A few new books have been added to our shelves. The donors were Miss G. Mahoney, Mrs. Nettermann, Mrs. Dobbin, and they are heartily thanked.

The Hon. Manager of the Deaf Savings Bank (Mr. J. M. Johnston) reported good progress amongst the

deaf depositors. The balance-sheet showed £992/15/9 deposited during the year, and the withdrawals £893/10/0, leaving £99/5/9 to be added to last year's balance of £487/11/3.

The Principal (Mr. Abraham) entertained the deaf members at a Garden Party on 17th March, 1928, at Jolimont Square, and a most enjoyable time was spent. High Tea was served in the Lower Hall, and afterwards a Social Evening was held. Mr. Abraham was heartily thanked for his enjoyable entertainment.

The popularity of Lacrosse, Cricket and Tennis has been well maintained by the sport-loving deaf. Of the Lacrosse, owing to our premiership position in the previous year in "Junior A" section, we were again rated with the "Senior A," but unfortunately results saw our team low on the list at the end of the season. The No. 2 team again strove hard for premiership and again, as in the previous year, had to be contented with third position.

The Cricket Club again played under the V.J.C.A. Competition and saw an improvement in their play.

The Tennis Club has entered with the St. Kilda District Association with two teams, one a Gent's and the other a mixed team. Many enjoyable matches were played.

The billiard table, as usual, is well patronised, and a tournament was held during the winter. The fund to the credit of the billiard table has been rising steadily, and it is sincerely hoped that before long we will be able to purchase a new standard size table.

Our "Monthly Newsletter" will be issued bi-monthly for the present.

Your Committee place on record their appreciation and thanks to the undermentioned firms for their generosity in allowing us the free use of many of their films for our Thursday night displays:—Australasian Films Ltd., Universal Film Co. and Metro Goldwyn-Mayer Film Co.

**BIRTHS.**—A son to Mr. and Mrs. Alf. Tyzzer, May 18th, 1927; a daughter to Mr. and Mrs. J. Hunt, August 14th, 1927; a daughter to Mr. and Mrs. C. Stiff, August 17th, 1927; a son to Mr. and Mrs. H. Moss, September 28th, 1927; a daughter to Mr. and Mrs. R. Kemble, November 6th, 1927; a son to Mr. and Mrs. J. Leber, December 14th, 1927; a son to Mr. and Mrs. O. Tyzzer, February, 1928; a son to Mr. and Mrs. H. Smith, February 11th, 1928.

**MARRIAGES.**—Mr. A. Halliday to Miss I. Cole, August 25th, 1927; Mr. W. Donnellan to Miss T. Reade, October 1st, 1927; Mr. R. Simmonds to Miss Sutton, December 22nd, 1927 (at Adelaide); Mr. A. Sutherland to Miss N. Spence, of Scotland.

**OBITUARY.**—Mrs. E. E. Dempsey, Westgarth, April 26th, 1927; Mr. N. Amos, Brunswick, May 8th, 1927; Mr. W. P. Muir, Caulfield, June 23rd, 1927; Mr. A. Wilson, Canterbury.

**SILVER WEDDING.**—Mr. and Mrs. J. E. Muir, Warburton, August 27th, 1927.

**CONCLUSION.**—Your Committee desire to express their appreciation of the confidence reposed in them by the congregation, and for their loyal co-operation throughout the year, and look forward confidently to a pleasant and prosperous time in 1928-1929.

The Committee cannot close this report without offering their most grateful thanks to God our Heavenly Father for all his loving kindness and spiritual blessing.
