FORTY-SIXTH  
ANNUAL REPORT  
OF THE  
**Adult Deaf and Dumb Society**  
OF VICTORIA (INCORPORATED)

MARCH 31st, 1930

For very many years it has been the pleasure of Boards of Management of the Adult Deaf and Dumb Society of Victoria to present to subscribers and friends an all-round satisfactory report, and on each of these occasions the substantial support afforded by a generous public had justified the Board in adding needed activities to the Society's responsibilities, providing for larger and still larger numbers of the deaf and dumb community of the State; as instance, quite apart from the religious, educational, social and general benevolent work, the establishment of a Home for aged, infirm, mentally defective and blind deaf mutes at Blackburn. From a little Home for a few of our incapables it has grown into a heavy financial responsibility, providing shelter, care, training, comfort and sunshine in the lives of some forty deaf mutes, who would otherwise be scattered among Benevolent Societies, Old Age Homes or Hospitals for the Insane, living still more isolated lives, deprived of even their present opportunities for companionship and limited privileges.

This year the Board of Management regrets to have to report twelve months of exceptional anxiety. They, together with their expert staff, have been wrestling with two outstanding problems, which are still causing undue worry because no means can be found to remove the cause. One is human—the large number of unemployed deaf mutes, brought about by the widespread depression—the other financial. The falling off of subscriptions, due to the same cause, the heavy financial responsibilities of maintenance and the debt of £11,000 upon the Jolimont property.

For a clear understanding of the Board's difficulties it is necessary to give in outline the story of the Society's most successful progress and achievements. Beginning as a simple Gospel Mission, it has gradually

taken over the responsible task of the social and material as well as the spiritual welfare of the deaf and dumb. First building a Church and Institute in Flinders Street; this becoming inadequate, through the ever-increasing numbers taking advantage of its provisions, compelled the acquisition of property where progress would be continuous with the growth of the State, and Jolimont Square was purchased. There is a debt of £11,000 on this property, and the vendors are pressing for immediate payment. Meanwhile, it was found that there was a sorely afflicted section of the deaf community—the aged, infirm, mentally defective and blind deaf mutes—who demanded immediate protection, and this was provided. As part of its policy, the Society has attended to the immediate and ever-increasing needs of its afflicted charge to the fullest extent that the current income has made possible; and it has, therefore, no accumulated reserve fund to fall back upon.

The majority of the deaf and dumb have the will, the desire, and ability to share the responsibilities of citizenship, and given the training and opportunity do make good, frequently becoming exceptionally skilled at their particular trades—many are purchasing their own houses, some have motor cars and cycles—showing their ability to reach, at least, the average standard of citizenship. Others—as is the case with the normal community—unfortunately need supervision, direction and special attention in varying degrees throughout their lives.

There are many just misfits, and likely to be a more or less responsibility to the Society and the community, who, had the Society been in a position to take charge of them when they left the State School for deaf and dumb children, and admit them direct into a residential Home under specially skilled supervision and training, might have been included in the majority. Then, too, there are the more or less irresponsible and incapables, who are an ever-present anxiety.

The normal youth of to-day is receiving greater consideration than ever before in the history of the human race, therefore, the present is a fitting time to plead the cause of that section of the youth of the State—the deaf and dumb—who, perhaps because of their comparative smallness of number and the necessity for special provision, so far, have no special attention given to them. All will admit that their claims to consideration are greater than those of the normal, and.

given opportunity, notwithstanding their double handicap, can, and are, desirous of making good side by side with the normal youth. It is the Society's aim, so soon as funds are available, to bring about some suitable provision that will make possible to every deaf youth, upon leaving school, the acquisition of a thorough knowledge of a trade suitable to their individual capabilities.

Under the very best of conditions and with everything done that the normal can do for their fellow citizens so afflicted, **deafness** must always mean countless difficulties in every activity of life. Life to them is a long silence with its dangers consequent on isolation from the real society of fellow-men in freely exchanging ideas, making them permanent victims of social hardship.

Therefore, so far as is humanly possible, **everything** that can be done should be done to provide substitutes for the natural gifts that the sense of hearing gives to the normal.

The Board is working on these lines, but is compelled to carry on the many activities in a building temporarily and inadequately adapted for the purpose. Here there are religious services, lectures and classes in the language of the deaf and dumb, a Men's Guild, a Women's Guild, Billiard and Reading Rooms, Library and Savings Bank, Office (open all day) for advice, relief and employment, a Women's Room and conveniences for making and taking of meals open to all deaf mutes, a tennis court, Lacrosse, Cricket, Hockey, Tennis and Rambling Clubs, Cinema Pictures and Socials.

The Board is not without hope that the present financial difficulty and the unemployment depression is but temporary, and that, in the near future, friends realising the enormous benefits that can be conferred upon the greatly afflicted section of the community, will come forward and provide the funds to realise the dreams of the Board for the deaf and dumb.

#### INDIVIDUAL CASES.

By the foregoing it will be seen that the Society aims at making the community provision as highly efficient as conditions and means allow, and all who fully realise what the loss of the sense of hearing means will visualise how essential this is. Nevertheless, perhaps the most useful, at the same time, the most difficult part of the work and that absorbing an

ever-increasing part of the Society's expert officers' time, is the personal attention given to individual cases that daily present themselves for elucidation. Here tact, patience, and no ordinary understanding of the varied trials that beset the human race in one form or another, is necessary. There is never a day without its problem of how best to help this or that particular case. Many a sad and distressing story could be told, some unusually strange, but the Society is best able to assist their afflicted family by making itself worthy of their confidences.

#### THE CHURCH

Close on half a century ago a group of Christians—Anglican, Wesleyan, Baptist and Congregationalist—having had brought to their notice the fact that the deaf and dumb were without spiritual guidance or means for public worship, organised a Mission and began a movement to raise funds to erect a little Church especially for them. After nearly twenty years of subscribing and collecting, sufficient funds were in hand for that particular purpose, but, by this time, the deaf mute membership had so increased and their temporal needs being better understood, the Church had to be so designed that it could be used for educational and recreative purposes also. This first Home, Church and Institute for the Adult Deaf and Dumb long ago became too small for their requirements. With the purchase of Jolimont Square was made possible the erection of a little Church dedicated solely to worship such as was originally subscribed for by that community of Christian friends.

The Church is interdenominational and is specially designed to fulfil the requirements for public worship by the deaf and dumb. The ground upon which the Church has been erected was consecrated by the Archbishop of Melbourne (Dr. F. W. Head), and the foundation stone was laid by the State Governor (Lord Somers). The Rev. F. Hagenauer (Presbyterian) and the Rev. Dr. Hoban (Methodist) also took part in the Consecration Service.

Speaking of the Society and its work, Lord Somers said it was such that any community or Church should be proud to take an intelligent and practical interest in. He was glad to have laid the foundation stone of the Church for the Deaf and Dumb. Archbishop Head said the building of the Church had the support of nearly all the Christian denominations. The late

Archbishop Lees had commended the appeal and he wished to support it. He did not know of anything that had lifted him out of himself so much since he came to Melbourne as his visit to Jolimont Square that day.

The Rev. Dr. Hoban congratulated the Board of Management upon the commencement of the first strictly interdenominational Church in the State and the achievement of a long cherished dream. Mr. E. R. Peacock (the President), in returning the thanks of the Board of Management of the Deaf and Dumb Society to the Governor, Lord Somers, and Archbishop Head, drew attention to the presence of two interesting figures in the history of the Society—a deaf mute who had conducted the first service for the deaf and dumb in Melbourne fifty years ago, and one of the original Committee, the Rev. H. W. D. Adeney, an Anglican clergyman, 96 years of age. A feature of the ceremony was a beautiful souvenir containing the Order of Service and many illustrations and historical particulars of the work of the Society, together with a unique picture of Jolimont Square by "Airspy" and a "vision of the future," being a sketch of the newly erected Church surrounded by the suggested homes of the various activities of the Society. The design was by Messrs. Gawler & Drummond, the architects, and the brochure the gift of Peacock. Bros., printers.

To the various deaf secretaries of the Guilds, Clubs, etc., for the enthusiasm they have shown in the interests of the Society.

### BLACKBURN HOME.

The Blackburn Home, during the past twelve months, has more than ever filled the objects for which it was brought into existence—the shelter, care and training of the section of our deaf and dumb who are, more or less, dependent on our Society.

The existing distress and unemployment has caused exceptional demands to be made upon the Home. In addition to the usual inmates—and every bed is occupied—special accommodation had to be provided to shelter those deaf and dumb who were in temporary difficulties. The privileges of the Home have been strained to the utmost capacity, with the consequence that heavy additional cost is disclosed in the Balance Sheet.

Kindness, tact and patience on the part of the staff has played a big part in the continued cheerful contentment and happiness among the inmates, who, in their turn, have responded with the best possible results.

With the exception of a few minor ailments, the health of the inmates have been most satisfactory.

Everything that circumstances allow is being done for their comfort and pleasure.

A Cinema machine has been purchased from the funds specially donated by friends, and films are regularly screened. Social evenings have been held, and the annual picnic down the Bay was, as usual, much enjoyed.

The Home Committee meet at the Home monthly, and the Chairman (Mr. Armstrong) and the President of the Society (Mr. E. R. Peacock) have paid frequent informal visits, which were appreciated by the inmates.

Mr. C. L. McVilly, Inspector of Charities, paid a surprise visit to our Home on the 13th October last, and in his report said: "Careful enquiry and personal investigation failed to reveal that other than proper consideration and sympathetic treatment is accorded

to the inmates. All those with whom I came in contact expressed themselves as happy, contented and well treated. The Home, in my opinion, is a credit to the Society."

It is with pleasure and a feeling of appreciation that we record the special services Mr. R. G. Menzies, K.C., M.L.C., has rendered. He has closely allied himself in the interests of the whole Society.

The flower farm, in addition to providing a healthy occupation for the able-bodied, has produced an abundance of bloom, but owing to the depression, it has been difficult to find a market for same, and when sold brought but poor returns.

N. ARMSTRONG,  
Chairman.

## EXTRACTS FROM THE 42nd Annual Report of the Deaf Committee.

To the Members of the Adult Deaf Congregation.  
Ladies and Gentlemen,

Your Committee, in presenting the 42nd Annual Report and Balance Sheet for the year ending March 31st, 1930, is pleased to record with great satisfaction a year of progress and perseverance, in spite of the general trade depression.

First of all, your Committee desires to gratefully acknowledge, and to give expression to its appreciation, of the invaluable services of the members of the General Board for the past year in their efforts for the well-being of the Deaf Community.

Religious Services have been conducted every Sunday morning and evening throughout the year, by the Principal, Mr. E. J. D. Abraham, and the Assistant Missioner, Mr. J. Johnston.

It is not gratifying to note that the average attendance has fallen, but it is to be earnestly hoped that it will improve with the occupancy of the new Church. The offertory for the year was £47/11/0.

The Sacrament of the Lord's Supper was duly administered in April, August, November and January; the Principal officiating on these occasions.

The Hospital Sunday Services were held on the 27th of October, 1929, when the congregation contributed a sum of £8/15/6 towards the Lord Mayor's Fund.

The Harvest Thanksgiving Services were held on the 9th of March.

Bible Classes have been regularly conducted by the Principal and Missioner, who have also given instructive lectures, alternatively with cinema pictures, on Thursday evenings.

A very outstanding event during the year was the erection of our new Church, the foundation stone of which was laid by the State Governor, Lord Somers, on the 13th of January, 1930.

The usual quarterly rallies have been carried out under the charge of the Social Sub-Committee.

Saturday recreation nights are still exceedingly popular, and, needless to say, the billiard table is still the chief attraction.

The Annual Picnic was held at Blackburn on Cup Day, November 5, 1929, when a most enjoyable time was spent, notwithstanding unfavourable weather conditions.

Beautiful weather emphasised the attractiveness of the Blackburn Home and Flower Farm, which was the setting for a Garden Party given by the General Board on Saturday, March 15th, 1930.

The Lacrosse, Cricket and Tennis Clubs show good reports, and seem well satisfied with the progress made and interest shown.

The young ladies have just formed a Hockey Club under the auspices of the Young Women's Christian Association.

It is pleasing to record that the Men's and Women's Guilds are still carrying on very satisfactorily.

The Deaf Workers' Club is still doing useful work, and, as in former years, entertained the inmates of the Blackburn Home at a Xmas Dinner Party at the Centre.

Our "Newsletter," retaining the title of the "Victorian Deaf," underwent a change last February, when it was issued in the form of a magazine, under the editorship of the late Mr. Alexander Hull, assisted by Mr. R. Lambert, and is to be published bi-monthly in February, April, June, August, October and December. The subscription is 2/- per annum.

The Hon. Manager of the Deaf Savings Bank (Mr. J. Johnston) reports that during the past year £577/4/4 was deposited, and the withdrawals amounted to £721/4/9, leaving a credit balance of £506/19/7.

**BIRTHS.**—A daughter to Mr. and Mrs. J. Hunt, Aug. 18, 1929; a son to Mr. and Mrs. W. Rees, Sept. 13, 1929; a son to Mr. and Mrs. D. Driscoll, Oct. 1, 1929; a son to Mr. and Mrs. A. **OBITUARY.**—Mr. Cyril Martyr, Austin Hospital, June 20, 1929; Miss E. Anderson, Geelong, Aug. 30, 1929; Mr. P. Cunninghame, Ballarat, Oct. 17, 1929; Mr. G. Paton, Koroit, Oct. 29, 1929; Miss M. Ching, Linton, Dec. 9, 1929; Mr. J. Buttersworth, Ballarat, Dec., 1929.

In conclusion, we, the Deaf Committee, once more desire to express our appreciation of the confidence placed in us by the congregation and for their loyal and willing co-operation during the past year, and trust that the coming year will witness the same loyalty and good fellowship which exists at present. We again desire to offer our deep gratitude to God our Heavenly Father, by Whose loving kindness so many mercies and blessings have been vouchsafed to us, and trust that He will continue to bless us, our work, and the Adult Deaf Society.

GEORGE NEWNHAM,  
Hon. Secretary.
