PRESIDENT'S MESSAGE

The past year has been one of great achievement and satisfaction to all concerned with the welfare of our Society.

The Board of Management, fully alive to the needs of the youth within our membership, and having finalised the work at our Blackburn Home, set about making plans for a Public Appeal for the building of a modern Hostel for youths of both sexes.

I tender my sincere thanks to those Ladies and Gentlemen who agreed to allow their names to be included on our various committees in connection with the Appeal work.

To my colleagues on the Board of Management, I offer my sincere thanks for their unstinted help throughout the year; likewise to all those good people who, with the interests of the Society at heart, continued to support the many activities of the Society.

To all members, I convey my greetings and the wish that their efforts in every sphere are crowned with success.

R. F. Sanderson.

SIXTY-SEVENTH ANNUAL REPORT OF THE Adult Deaf and Dumb Society of Victoria (Incorporated)

It is with pleasure that the Board of Management presents its report on the activities of the past year. Despite minor difficulties the year under review has been one of achievement and progress. Once again we pay a tribute to the co-operation given by the Hospitals and Charities Commission, and particularly stress the personal interest in our work shown by the Chairman, Mr. McVilly.

BOARD OF MANAGEMENT

Mr. Roy A. Driver joined the Board in October 1950.

THE TRAGEDY OF DEAFNESS

The handicap of complete deafness is far greater than is realized by the average citizen. When one thinks of hearing as the avenue of knowledge and the only practical avenue of everyday intercourse; the means by which humanity transacts its business, makes progress and enjoys the social side of life; that the eye is really both eye and "ears" by which the deaf person can gain a knowledge of the world, then, and then alone, can one visualise the serious nature of the obstacles preventing the Deaf and Dumb from participation in the possibilities open to the normal person of today.

THE AIMS OF THE SOCIETY

Our Society does its utmost to provide substitutes for the good things of life that hearing offers to normal people. We endeavour to bring into the lives of the Deaf and Dumb some kind of equivalent for Church, Town Hall, High School, Lecture, Concert, and Social Companionship, so freely available to hearing people.

Among normal people, no matter how thoughtful and kindly, Deaf and Dumb folk live in heart-rending loneliness and detachment, unable to share fully in the talk and jokes and laughter going on around them. Only among themselves in the Society's Welfare Centre, Home, and Hostel, can they satisfy the basic human need for friendship and understanding.

Our services are available to any Deaf and Dumb person, not only of Victoria, but of Australia and overseas—the benefits of our organisation are denied to none of these. Officers are in attendance at all times, and when necessary will assist at any time of the day or night.

A brief report on the activities of the main avenues of the Society's work is submitted in the following pages.

WELFARE CENTRE AT JOLIMONT

THE CLUB HOUSE

Here the deaf meet in a happy friendly atmosphere. The Clubrooms are open daily, and it is unusual to find that our Hall is not occupied on every night with some activity. Lectures, Picture Nights, Guild Meetings, Sports Club Meetings, Table Tennis, Dances, all take place here. On many occasions this year our hall has proved too small for the numbers that attended.

OUR CHURCH

Beautiful and dignified is the undenominational Church in our grounds at Jolimont. Services in the sign language were held each Sunday during the year. Special services were held at Christmas, Easter, and on Anzac Day. The majority of services were conducted by our Welfare Superintendent and Missioner, and when visiting clergymen officiated the service was interpreted in the sign language.

SPORTS AND RECREATION

Sports and recreation play an important part in the lives of most Deaf. Our tennis, cricket, and table tennis clubs have been most active, while billiards, draughts and chess have given relaxation and pleasure to many.

EMPLOYMENT

The Deaf and Dumb are capable of adapting themselves to all trades where lack of hearing is not an obstacle. Our Officers spend much time in arranging employment, and making periodic visits to places of employment. We are pleased to report that during the year congenial jobs were found for all who needed them.

INTERPRETATION AND SOCIAL WELFARE

Our expert Interpreter's services continued to be availed of in respect of employment, visits to doctors, dentists, solicitors, hospitals, government departments, at christenings, weddings, and funerals. Many of the duties of the Officers of the Society are of a confidential nature, calling for giving of advice and assistance

in private and family matters. Tact, sympathy, and understanding of the Deaf and Dumb person is vitally necessary in these cases, which, without the assistance of experienced officers, might easily end in disaster.

To illustrate the necessity for this social service work, we mention the following three actual cases, which are typical of many :—

(a) One young deaf and dumb lad was involved in a car accident which caused him considerable injury. The Insurance Company officials tried in vain to adjust the claim and eventually the services of our Interpreter were sought. The matter was then speedily adjusted.

(b) A married deaf couple faced with the problem of having no accommodation and employment were found wandering the streets late at night. The Society took up the case, and the couple were soon found a comfortable home with congenial employment.

(c) An elderly Deaf and Dumb man who could not read or write, nor use the manual system of the deaf, needed medical treatment. By making use of one of our Interpreters, who employed the sign language, the complaint was explained to the doctors, an operation performed, and the man restored to health.

Sister Panther, our Women's Welfare Officer, spent many hours in visiting the sick and also homes of Deaf and Dumb people. Her qualifications as a trained nurse have been of timely assistance in cases of illness.

"TALKABOUT"

Our own little magazine keeps all country Deaf in touch with their friends, and covers information on Deaf and Dumb activities in general. Copies are regularly exchanged interstate and overseas, thus making contact with Deaf organisations in other states and countries.

GEELONG BRANCH

Regular meetings of Geelong deaf have taken place throughout the year, each meeting being attended by one of our Officers. The Misses Monahan and their helpers continue to give splendid service to this active group. Many Melbourne Deaf attended the Christmas Rally, which again took the form of a Sports Gathering.

OUR HOME AT BLACKBURN

More than 30 inmates of both sexes and of all ages are cared for at Blackburn by the Home Superintendent, Mr. Martin Fraser, the Home Matron, Mrs. Fraser, and their Staff. Here we have a lovely property of 75 acres, running from Central Road to the Blackburn Lake and beyond. In a tranquil and beautiful setting our less fortunate Deaf spend their days.

We have at our Home some uneducated, blind, and mentally ill Deaf and Dumb, who, through their additional handicaps, are deprived of the standard manual language, and have to be taught, in their adult state, on entering the Home, a simple method of signs, to enable them to express themselves. Through this method of expression, our Home becomes not only their Home but their whole world.

The Board does all in its power to make their existence as happy and congenial as possible, restricting rules and regulations to a minimum.

Following the extensions and alterations completed in the previous year our Home now offers its inmates individual bedrooms, simply yet tastefully furnished. We have a modern Laundry, and a Hospital Block for use in emergency.

The Board is pleased to report an improved staff position during the year under review.

KIND FRIENDS TO BLACKBURN

Once again our thanks go to the Blackburn Ladies Auxiliary for providing our inmates with greatly appreciated gifts and comforts.

We also thank our Honorary Physicians, particularly Dr. H. Whitaker, for their untiring service, which unfortunately has been called on so often.

Our Life Governors also receive our thanks for furnishing our Hospital Block.

The Australian Red Cross Society has again given most of our inmates interest and contentment of mind in conducting crafts teaching. Our people never cease their interest in this work. Many thanks, Red Cross.

YOUTH HOSTEL

This section of the Society's work has had the earnest consideration of the Board during the year under review.

The deaf youth, on leaving school, is never on the same grade as the hearing, through the loss of those precious early years that in itself makes the need for extended education compulsory, to enable him or her to participate in the varied forms of business and social life. In adolescence continued training is also a necessary adjunct to help in maintaining physical and mental health.

Our youths as a whole are capable, and anxious to become skilled artisans when given the opportunity; it is desirable in the interests of the whole community, as well as the Deaf and Dumb themselves, that they should be given an equal opportunity to become skilled tradesmen and good citizens. It is merely a matter of training and opportunity.

TEMPORARY HOSTEL

Only among themselves can the Deaf and Dumb fully enjoy real companionship. A home and friends—something we take for granted—means almost life itself to our people. To obtain suitable board and lodging, together with companionship of their kind, is impossible, and can only be solved by a hostel where they can be satisfactorily housed. At present we crowd three and four young men in one room at our temporary hostel at Jolimont. Others are waiting for admission, and we have no provision at all for girls. Despite its limitations our sixteen residents have led happy lives under the care and guidance of the Matron, Mrs. E. A. Reynolds.

PUBLIC APPEAL

During the year our difficulties of housing young Deaf and Dumb people were taken up with the Victorian Hospitals and Charities Commission, which offered encouragement and financial assistance in the project to erect a modern Youth Hostel. The month of August has been allocated to us to make a public appeal for funds to build and furnish the hostel. We have an excellent site available for the purpose on our property at Jolimont.

The new Hostel is planned to accommodate 65 Deaf and Dumb young men and women, and will include Reading Rooms, Laundry,

and living quarters for the Superintendent, Matron, and Staff. When our plans are completed, our handicapped young people will have somewhere to live in comfort. They will be able to go out to their work and come home to "talk" and relaxation, with understanding help and guidance available at all times.

STAFF

The Board desires to thank members of our Staff, both at Jolimont and Blackburn, for their co-operation and hard work during the year. Our thanks also go to our Collectors, whose efforts in raising money play such an important part in the finances of the Society.

WARNING

Our Collectors are furnished with a Letter of Authority, also official printed receipt forms. Our supporting public is asked not to give money to any person, deaf or hearing, who claims to be connected with the Society unless the person can produce this Authority. Unfortunately, during the year we have had reports of unauthorised people attempting to collect money on our behalf.

THANKS

In conclusion we would like to record individually our sincere thanks, and appreciation, to all the good friends of the Society, who, by personal or monetary help, have assisted us during the year, but space precludes us doing so.

We ask you, one and all, to accept this expression of our appreciation, and we would like you to know that your continued interest in our work has proved a great incentive and encouragement to all connected with the Society.

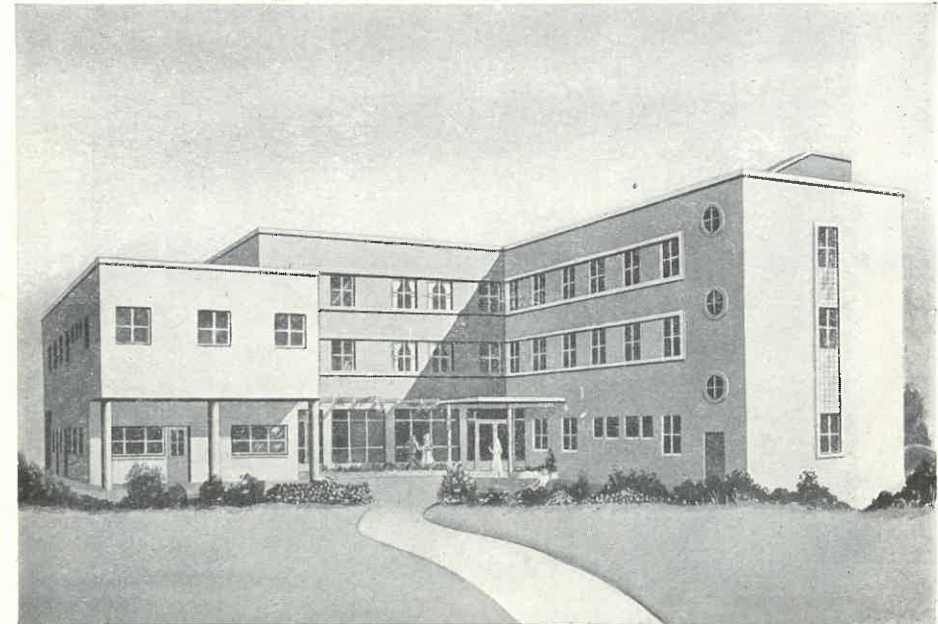

For and on behalf of the Board of Management,

H. L. R. BEDGGOOD, *Chairman.*

C. R. B. JAMES, *Hon. Director.*

DEAF COMMITTEE

A tribute is paid by the Board of Management to the members of this Committee, who have again given a year of splendid service in the interests of the Deaf and Dumb Community. This Committee, under the Chairmanship of the Welfare Superintendent, has the management of the "domestic" affairs of the Society, such as the arrangements for lectures, socials and meetings, and also exercises supervision of the guilds, clubs, and functions, held at the Centre. This Committee's task is not an easy one, and the Society's ever-increasing activities make it more onerous year by year, but the members of this Committee cheerfully accept their responsibilities and faithfully carry out their duties.

In its 67th Annual Report, the Deaf Committee detailed the various activities carried out at the Jolimont Centre during the year. Many of these activities have been mentioned in our report. The following extracts from the report are of interest:—

- During the year the increase in Membership and activity has placed a great strain on the Committee in providing facilities and allotting evenings for the various clubs to hold meetings and entertainments.

- The Annual Christmas Picnic and Rally at Geelong attracted a good attendance of Melbourne Deaf.

- The quarterly and Christmas Rallies have been notable for the increased numbers of Country Deaf attending.

- The Women's Guild celebrated its 50th year with a Banquet in our Assembly Hall.

- The Annual Christmas Treat to children of Deaf parents was held in our grounds, sports being arranged for the children and toys being distributed by Father Christmas—120 children attended.

- The Carnival Committee has had a busy year organising functions to raise funds for the Interstate Sports Carnival to be held in Melbourne at the end of 1951. A fun-fair and fete raised £305. Another successful function was a Scottish Dancing afternoon attended by the Police Highland Pipe Band.

- The Annual Flower and Vegetable Show took place in March. On the same evening the Deaf Ladies Auxiliary displayed soft toys, clothing etc.

- There was a larger attendance at the Annual Cup Day Picnic—this year held at Frankston.

- Vital statistics—Births 26, Deaths 5, Marriages 8.

I have examined the books and accounts of the Adult Deaf and Dumb Society of Victoria (Incorporated) for the year ended 30th June, 1951. In my opinion, the above statements, which are correctly made up from the books of the Society, truly set forth its financial condition, its income from all sources, and its expenditure on all accounts.

I have verified the Securities and obtained Bankers' Certificates with respect to the balances represented by Assets in the various statements of accounts and found them to be in order.
