CAULFIELD MOVES AHEAD LOCAL PLANNING

Traffic Study grants made available by the Commonwealth Government have enabled the Council to undertake a number of traffic studies as part of its neighbourhood planning programme.

Recent studies completed include:

- Gardenvale Neighbourhood Traffic Study and
- Racecourse/Glenhuntly Neighbourhood Traffic Study.

Traffic problems are not being viewed in isolation however, and these studies will form part of comprehensive plans being prepared for each neighbourhood in the City.

Final plans have now been completed and are being implemented, subject to resident consultation, in the —

- Orrong/Balaclava Neighbourhood Area and
- Carnegie Neighbourhood Area.

The traffic studies have, however, allowed Council to implement a range of immediate traffic works to relieve urgent problems while not prejudicing more comprehensive planning at a later stage.

For further information: Jeff Floyd (Manager Planning) or Steve Hunt (Traffic Engineer) will be pleased to assist.

CAULFIELD NEIGHBOURHOODS

Public General Meeting of the C.A.B.

Caulfield Citizen's Advice Bureau advise all Citizens of Caulfield they are invited to the 10th Public Annual General Meeting of the C.A.B.

This meeting will be held on Wednesday, September 24th at 8.00 p.m. in the Council Staff amenities room (rear of the Social Development's offices).

There will be an election of office bearers and a report on the years activities. The speaker will be Mr John Wise, Manager, Social Development from the City of Caulfield, who will speak about the changing roles in Local Government.

The Citizen's Advice Bureau offers information and referrals for all welfare problems; practical assistance; loneliness support — a friendly listening ear and a legal advice service, Wednesdays 7-9 p.m. Hours are 10.00 a.m.-3.00 p.m. Monday to Friday. Help is always available for your problems, call personally at Hawthorn Road, Caulfield (next to Town Hall) or phone 524 3200.

South Suburban Schools Music Festival

This Festival has now become an annual event in the musical life of Caulfield. Once again, on three successive Tuesday evenings in July, the Town Hall was filled with an appreciative audience who had come to hear the items presented by young people from a wide range of schools; about 25 schools in all participated, involving about 1150 boys and girls.

The Festival Committee and members of the Ormond Group of Community Aid Abroad are delighted with the continued support of the general public and also acknowledges indebtedness to all generous friends who helped in so many ways.

Financially the Festival was a

great success. With money already raised by other smaller efforts during the year, the Festival takings have enabled Ormond C.A.A. to reach its 1980 target of \$2,184 for a project to establish a child care centre in cyclone devastated Andhra Pradesh, India.

C.A.A. work continues, already Ormond is starting on the next self-help project. They look forward to your continued interest and support. New members would be very welcome. If you would like to join Ormond Community Aid Abroad group, please contact either the President, Mr. Len Evans on 578 1938 or the Secretary, Mr. Albert Ward on 578 2327.

CAULFIELD '81

The Community Liaison Department at the Town Hall, is currently compiling Caulfield '81, the Community Resource Guide. Community groups and

organizations who may wish to be included in next year's edition should contact L'rainne Parsons on 524 3259 before Friday, September 26th.

Aluminium Can Returns Bound Ahead

Norm Arnott empties aluminium cans at the Recycling Centre, at Austral Bottle Company in Balaclava. Telephone 560 0255 for your nearest recycling centre.

The Aluminium Development Council has calculated that more than 38 per cent of all aluminium cans sold in Australia during the first half of 1980 were recycled. Returns of used aluminium cans grew by an unprecedented 88% more than in the same six months of 1979.

In the six months, more than 258 million used cans had been returned to industry recycling centres throughout Australia. This is equivalent to 17 cans for every person in Australia and totals over 5,680 tonnes.

This return rate, which does not include any manufacturing scrap, is believed to be the highest national recovery rate in the world for aluminium reclamation. It puts the aluminium can well ahead of any other form of packaging material in Australia.

The Executive Director of the ADC, Mr. Charles Kneipp, said the return rate was a massive public endorsement for the principle of can recycling.

"As little as 18 months ago the aluminium industry was pleased when the recycling rate was between 20 and 25 per cent of all cans sold", Mr. Kneipp said.

"Since then the return figure has continued to grow. This has been achieved because of an increase in the payment level to can collectors plus the very considerable expansion in the numbers of can return centres being operated by aluminium companies", Mr. Kneipp added.

"In February the aluminium companies raised the can payment level to 45 cents per

kilogram, or one cent per can, a move which encouraged additional public participation in the scheme.

On the present payment of 45 cents per kilogram, can collectors have been paid more than \$2.55 million for their collection efforts throughout Australia in the first half of 1980."

Mr. Kneipp said that both Alcoa of Australia Limited and Comalco Limited were heavily involved with the can collection and recycling program. Between them the two companies had established some 450 recycling centres throughout Australia to receive used cans from the public. Many of these centres open on Saturday mornings at convenient locations thereby providing additional community convenience for can collectors.

The recycling of aluminium cans provides a continuing source of metal for new can production and other products. Recycling also saves 95% of the energy required to produce primary aluminium, from mining through to the smelting operation. It conserves other natural resources and has created hundreds of jobs.

Changes at Carnegie P.S.

Carnegie Primary School is one of the older schools of our district and has given valuable years of service and education to the community.

If earlier students were to return to the school they would be surprised by the many alterations and renovations that are taking place.

The school is receiving a much needed 'face lift'. The extensive cyclic maintenance is complete and the Building Program is well under way.

The school has been painted inside and out, classrooms have been carpeted and heating facilities have been installed in all the rooms.

A large library complex has been developed, along with new art and craft facilities and language centre. Pride and joy of the school will be the much awaited, much needed new toilet block, centrally located near to new administration offices and staff rooms.

Site works included, new classrooms, covered 'walk-ways' linking all areas, renovation of existing rooms and two pleasant court-yard areas.

These should all serve to ensure that 'school days are happy days' and maybe even ensure that staff share the same sentiments.

COME TO A GREEK DANCE

With the aim of getting the community 'together' the School Council has planned a Greek Dance on Saturday 27th September at the Oakleigh Community Hall, 81 Willesden Road, Oakleigh.

A large percentage of the children at Carnegie P.S. come from a Greek background and it is felt that this would be a good opportunity for parents of all nationalities to get together.

The program will commence at 8.00 p.m., finish at 2.00 a.m. and a top Melbourne Greek Band 'The Zorbades' will provide the music. The price is \$14.00 for Adults and \$5 for children, which includes a 3 course meal, beer, white and red wine and soft drinks.

It looks like being a good night out. Why not make up a party and celebrate.

Tickets may be obtained by contacting Alan McLean on 211 1596, Mrs. McPherson on 56 3387 or Mrs. Jaczina on 569 0886.

Enrolment for 1981.

Parents and guardians intending to enrol children in our preparatory (beginners) classes for next year, 1981, are requested to call at the school as soon as possible any school day between the hours of 10.00 a.m. and 2.30 p.m.

Entry is restricted to:

- Children who will reach the age of five years on or before the 30th June next year, 1981.
- Children who have reached the age of six years.
- Children who will reach the age of six years at any time during the next year, 1981.

When you call at school please bring 'evidence of date of birth' and for those attending "Pre-School" we need to know if the child has been medically examined this year.

Would you please also bring this information to the notice of any relatives, friends, neighbours or newcomers to the district, who might have children ready to commence school next year.

Mini Fete

For two hours last week the children at the school ran their own 'mini-fete'. It has become an annual event in which children work towards raising funds for the Social Service work of the school. The children's own Social Service Committee, under staff guidance, allot various portions of the monies raised to charitable organisations, mainly directed towards the welfare of the children.

A large portion of the funds will be put towards the support and education of a young boy in Indonesia.

The new facilities at the school will include a much needed toilet block. Pictured above are the building works well under way.

SENIOR CITIZENS MEET

The annual general meeting of the Gladys E. Machin Senior Citizens Club was held this month and guests included; the Mayor and Mayoress, Cr. and Mrs. Blair, Mrs. Machin Mrs. Edgar, Mrs. Patience and Mr. J. Wise.

The popularity and growth of the various club activities is clearly reflected in the financial membership of the group. 371 financial members and others enjoy a program of Bowls, Crafts, Cards, Films and other social activities. Tours, trips, picnics and parties also help make up a full and active

program.

On his retirement as President, a position he held for five years, from 1974 to 1979, the club has recognised the outstanding work of Hon. Treasurer Mr. Les Poyser. A wall plaque has been erected, recording the appreciation of the club and recognising Mr. Poyser's efforts in assisting in the provision of furnishings for the lounge and kitchen.

The President, Mr. Christie, in giving his report gave thanks to the hardworking committee members and all those who had worked to make the year successful.

These courses provide an opportunity to study, by methods and at a pace suitable to older people.

The aim is to create a friendly atmosphere for learning and for the meeting of people with similar interests.

If there are people who wish to attend the classes, but face difficulties getting to the centre, it may be possible to arrange transport facilities.

For further information and any enquiries, please contact the John Macrae Centre between 9.00 and 5.00 on 240 0366 (week days).

Karate for Young People

The Peaceful Hand Youth Foundation of Australia has been functioning for seven years under the direction of Rev. Fr. Michael Glennon.

Apart from training students in the art of self-defence the aims and ideals of the association include the fostering of a deeper respect for people, the strengthening of mind and body through discipline and obedience, the development of self-confidence and friendship of the members of the group.

Drama and Meditation are included in the program and the association gives Karate lessons for Juniors aged 6-12 years and Seniors aged 13 years and over.

Junior training is available at Moorabbin West Primary School, corner Crest Avenue and Apex Street Moorabbin from 6.30-7.30 on Thursday. Senior training is available at St Stephens Church, 160 Balaclava Road, Caulfield on Wednesday evenings 7.00-9.00 p.m.

This is a non-profit, non-commercial organisation and is open to anyone, regardless of creed, nationality or sex.

For further information please contact Mr Greg Powell on 370 4386.

AGED HOSTEL RECEIVES FEDERAL GRANT

The City of Caulfield has traditionally been recognised as one of the older residential areas of Melbourne and is widely known to have a large number of elderly people living within its borders.

Caulfield City Council, recognising this fact, has become involved in trying to solve some of the accommodation needs and worries of its elderly residents.

Whilst there is every endeavour to support people who wish to remain in their own homes, Council has also become heavily involved in residential care.

The third hostel for the frail aged of Caulfield is under construction in Ames Avenue, Mur-

rumbeena and is to be known as Rosstown Court.

Ken Aldred, Federal Member for Henty, has announced a Federal grant to help meet the cost of constructing this 50 bed hostel.

The Minister for Social Security, Senator Dame

Margaret Guilfoyle, recently said that the Rosstown Court Hostel is to receive a Commonwealth building subsidy of \$641,000, a figure which is based on preliminary building costs and subject to adjustment when details of the final project costs are determined.

Financial burden eased

The project has been approved for funding in the third year, 1982/83, of the Federal Government's new three year programme for aged or disabled accommodation and this will significantly reduce the financial contribution required of ingoing residents.

Under previous financial arrangements ingoing residents were required to make a loan to Council of \$25,500. This limited the number of people able to ap-

ply for residence. With the Commonwealth subsidy residents will be called upon to contribute \$9,500 only towards the cost of the project.

In addition to these in-going charges, regular fortnightly payments will need to be made to cover the cost of food, rates, taxes, insurance maintenance, heating, lighting, laundry and staff. These changes will represent approximately 80% of the full single aged pension.

Applications still open

The Rosstown Court Hostel is a project of the Caulfield City Council aimed at providing supportive residential care for elderly residents of Caulfield who are unable to cope with independent living.

Construction of the complex is now well under way and the brickwork on three of the four sections of the building is now at roof level. The whole project is expected to be completed and ready for occupancy by the middle of February 1981.

If you have been a resident of Caulfield for 5 years or more,

either recently or in the past, you are eligible, to apply for residence at the hostel. In-going residents must be over 60 years of age, and keep reasonably good health. Many social activities and outings will be organised and families can be sure that their people are being well catered for.

Some units are still available and if you are interested in entering the Rosstown Court Hostel, now, or at some time in the future, please contact the Social Development Department at the Caulfield Town Hall by telephoning — 524 3250.

Work on Rosstown Court in Ames Avenue, Murrumbena, is progressing well and is expected to be completed by the middle of February, 1981.

Comfort and security assured

The hostel will be a two storey building comprising 50 units, each with individual ensuite facilities. The central dining room and lounge area will be situated on the ground floor and be air-conditioned for added comfort in the warmer weather.

Kitchens will be available on each level for occasional food preparation and fully equipped laundries are to be provided for residents use.

Ground floor units will have some garden area but the courtyards in the centre of the

hostel will provide a pleasant outdoor environment for everyone.

Limited off street parking will be available and a lift has been provided for 2nd floor residents.

Each unit will be fitted with built-in robes, carpets and curtains and facilities for connecting telephone and television will be fitted. Residents will be allowed to bring with them small items of their own furniture and prized possessions and are therefore able to add a touch of their own personality to the unit.

All three meals are to be served in the central dining room but units will have their own tea-making facilities for entertaining that special guest.

Linen will be supplied and laundered but whilst the hostel will provide support and supervision it will not offer full nursing care, personal care will be available for residents in need of assistance with tasks associated with daily living and residential staff will be on-call 24 hours a day for any emergency which may arise.

Mr. James Goldsmith receiving information on the Hostel from Council Social Worker Margaret Carson.

Community Garden Scheme

In England during the second great war, to encourage people to grow more food, the town councils leased plots of land for citizens to grow vegetables to help the war effort, and to help eke out their rations. Many people will remember these wartime 'allotments'.

Now nearly 35 years after the war, we are not thinking of growing vegetables to win the war, but to offset the increased dependance on processed food, which we are told is unhealthy for us. Of course, for many with large gardens, it is easy to keep part of the garden for vegetables leaving plenty of room for the flowers and shrubs.

But to the citizen who has a small garden or lives in a small flat or unit (in some cases with no garden at all), this is impossible. So they depend on buying their fresh vegetables at the greengrocers. This, to people who know what it is to pick fresh

home grown garden produce straight from the garden, would only seem to be second best.

Caulfield being an inner Melbourne suburb and an area where there are a lot of people living in flats or units, is sure to have many people who would enjoy getting out into the fresh air, mixing with people with the same interests in a friendly environment and the enjoyment that can be had by growing vegetables.

The Caulfield Community Service is considering starting a garden scheme if it is shown that there is sufficient interest shown by the people of Caulfield.

There are three Metropolitan Councils which already have Community Gardens. The most successful is the Nunawading Scheme. This is run by a co-operative of members on land owned by the Council.

If you think that Caulfield

could benefit by such a scheme or that you would like to participate, return the small questionnaire below to Caulfield Community Service, Town Hall, Caulfield, 3162 or phone with your views on 524 3272.

PLEASE NOTE — The Chadstone Community Health Centre is still at suite 76, on the first floor of the Professional suites in the Chadstone Shopping Centre.

There is some confusion because the new telephone books were printed with the proposed new address in Neerim Road, Hughesdale.

Your may remember that the new premises were burnt out before moving in, about twelve months ago.

At this stage it is not known when the rebuilding programme will be undertaken, so in the meantime the Chadstone Community Health Centre remains at

Carnegie Progress Association

l. to r. Mr. J. Cripps, Treasurer; Mrs. J. Drury, President; Mrs. L. Kibell, Secretary.

At the conclusion of World War 2, the A.R.P. Wardens in Carnegie at a break-up function, expressed a desire to continue some form of community service. It was decided to form a Progress Association in Carnegie and the foundation was a great success with a membership of 85.

The main objectives were a library, swimming pool and bowling club in the district. The first projects — playground equipment in Koornang Park and seats placed in various parts of Carnegie were supplied by the Association.

Two members, Messrs. W.C. Green and R.S. Kerr were appointed to the Packer Reserve Trust where they played a major role in the formation of the Carnegie Bowling Club. Mr. Green was later elected to the Caulfield City Council where he served with distinction, three times occupying the chair as Mayor of the City. His enthusiasm for the formation of a library in Caulfield finally bore fruit and a very fine building was erected in Truganini Road.

Through Cr. Green's endeavour a community hall was

erected at the rear of the library and officially opened by the late Cr. W. Thomson.

Up to this period meetings were held in an army hut situated at the rear of the baby health centre which had now reached the stage where

numerous repairs were required.

The trusteeship of the new building was entrusted to the Progress Association and in due time many local organizations were enjoying the privileges and amenities of this very fine hall.

The ladies were to the fore in the formation of the Carnegie Royal Southern Memorial Hospital Auxiliary.

Time has taken its toll of the members, many of loyal and prominent citizens have passed away. Mr. J. Muirhead, who occupied the chair as Secretary since inception collapsed twelve months ago and his passing has been a very severe loss to the Association.

Are you community minded? After 35 years of service in Carnegie we now make an appeal to residents to spend an evening at meetings on the first Monday of each month and assist in the work which they have endeavoured to carry out since inception.

For further information about the meetings and hire of the hall contact Mr. J.C. Cripps on 56 3094.

Reports — Mrs. D. Muirhead (Royal Southern Hospital Auxiliary)

New Books

Listed below is a small selection of books recently added to the Caulfield-Malvern Regional Libraries. Those which are not at your local library may be reserved and obtained on inter library loan.

Renovate: By J. Barker. Architectural concepts for rejuvenating houses and buildings.

Ideas for fabric printing and dyeing: By P. Gooch. The combination of practical information and creative ideas makes this book an invaluable introduction to fabric printing and dyeing.

One step at a time: By J. Hickman. John Hickman has become a brilliant research mathematician despite his being afflicted with cerebral palsy. His life story makes delightful and compelling reading, and stands as an affirmation of the value of life and the power of the human spirit to triumph over odds.

The complete book of treasure hunting: By K. Johnson. The many applications of treasure hunting surveyed in the book include prospecting for gold,

dowsing for buried treasure, and beachcombing for coins and jewellery — pastimes which have become more popular with the increase in the use of the metal detector.

The year of the greylag goose: By K. Z. Lorenz. A well-illustrated record of the behaviour of the greylag geese — the birds Lorenz studied in his ethological research.

Mount Macedon: its history and its grandeur: By J. Milbourne. The story of the Mount Macedon area, which is renowned for its magnificent homes and gardens.

Fortune's hostages: a study of kidnapping in the world today: By C. Moorehead. An examination of the weapon of kidnapping and the terrifying pressure it imposes on governments and individuals.

Pears encyclopaedia of child health: By A. Stanway. A medical encyclopaedia devoted entirely to the health and diseases of children. The book is not designed to replace the doctor, but to help you understand the treatment he may use.

Courses for Parents

Following the 'deluge' of people who booked into the "Maths for Parents" course at Rusden State College last term, a further course has been arranged for September-October.

This five week course starting on Wednesday 17th September is aimed particularly at parents of upper primary and lower secondary school students. It is not intended to teach parents maths, but to help them help their children — most parents know how to solve equations, but to help their children, they need to know how to solve them using current teaching practice.

Other courses include: "Help your child with reading", commencing Wednesday September 17th and "Sexuality and your child", commencing Wednesday September 10th.

The fee for all courses is \$15 and they will be held from 7.30 — 9.00 p.m. at the College, 662 Blackburn Road, Clayton.

For further information on these and other courses, contact the Rusden Continuing Education Office on 544 8544 Ext. 361 and Morna Sturrock is the person to speak to.

The Baby That Relies On Chips

Scientists are about to create a model baby. But instead of spending its childhood in the nursery, it will "live" in a computer and rely on chips for life support.

The child will in fact be a computer model of a typical baby. It is being created by a research team in the University of Edinburgh's Department of Psychology to provide the first definitive picture of its kind of the early development of normal children.

The chips that will figure in its life will be the computer's silicon chips which will enable its

memory store to ingest a mass of information based on 10 years of behavioural studies of more than 1,000 children.

The researchers aim to build up a complex computer program that will model the various stages of a normal baby's mental development. By studying these mechanisms of understanding it may be possible to help handicapped children lead more normal lives.

News from Council

Road Closure Deferred

The proposed temporary road closure trials in Begonia Rd., Gardonia Rd., Magnolia Rd., and Lantana Avenue, have been deferred by Council, pending appraisals of proposals currently being prepared by the C.R.B. for the treatment of North Road.

Trial transplant of established trees.

Large Liquid Amber trees growing in naturestrips in Lockerbie Crt. have received a possible reprieve.

The trees are very large for that area and have caused considerable damage to the footpaths and road surface.

Among the six trees to be removed are two which have been considered as suitable for shifting to a more open space in a park.

The transplant will take approximately 6 months to complete, because root preparation and pruning of such a large tree is quite considerable. Although there is no real guarantee of success Council feels that this could be a worthwhile experiment.

Consultants may investigate possible savings.

In the past few months officers have been engaged in a detailed investigation of Council operations in order to ascertain areas where productivity gains and economics could be made.

An area considered suitable for further investigation is the purchase and operation of Council Plant.

The term 'Plant' is used to encompass all cars, trucks, loaders, sweepers, rollers, tractors and smaller miscellaneous items presently used in the day to day operation of the Council.

Money has been provided in the 80/81 budget to allow for the possibility of such an investigation by an independent team of consultants.

Experimental 24-hour opening.

A notice of determination has been awarded to a combined service station and convenience food store in South Caulfield. If the project proceeds the store would operate 24 hours a day for an experimental period of 12 months. After this time, Council would assess the situation and determine if the store has had a detrimental effect on the amenity of the area. If this is the case, the store would be required to resort to shorter opening hours.

For residents there is an avenue of appeal through the Town Planning Tribunal.

Community Education

The Caulfield Community Education Group is an associa-

tion which has been developed under the auspices of Council and in co-operation with local schools and other interested groups.

It held its inaugural meeting in July and aims at fostering a spirit of community among educators and to investigate means by which the resources and facilities available may best be used.

A Steering Committee has met to draft a constitution and to arrange interim programs.

An annual general meeting will be held at the town hall on Wednesday, October 1st. Interested persons are invited to attend.

Services to the home

Members of the staff of Council's Domiciliary Care Unit are holding regular meetings with the Royal District Nursing Service. This is proving most useful in cases where residents receive a number of services to their homes.

The Domiciliary Care services aim at helping people in their own homes rather than resorting to institutional care.

One of the oldest recipients of Council's services has just celebrated her 103rd birthday, and is still an active and interesting lady. She prepares all her own meals and with the support of her family and Home Help services she is able to remain with confidence and security in her own home.

Resident involvement

At the meeting of the Planning and Community Development Committee, held earlier this month, residents of Carnegie requested a deferment of any decisions pending on the Carnegie Neighbourhood Study.

A resident group has been formed to study the report in detail and to put forward and circulate its own recommendations. Council will consider the ideas and solutions presented at its meeting in October.

Corporate plan

The development and refinement of policies for the City of Caulfield Corporate plan is well advanced. A recent workshop weekend was attended by all Principal Officers and resulted in a thorough initial review and assessment of all the policy material.

The Corporate Plan involves the preparation of a set of principles, programs and policies together with the establishment of a Corporate Management approach which together allow for the more efficient administration of the City and an effective allocation of scarce resources.

A draft of the total Corporate Plan document will be finalised in the very near future.

Letter to the Editor

Madam,
I would like to thank the Council for the new park in Jersey Parade and how Koor-nang Road has been made to look more attractive. My brother and I enjoy the park as it is so close and peaceful. The trees and seats make shopping for me and everyone else a pleasure.
I would be happy if the Council could continue building these sorts of things, because if they please me they would please everyone else who appreciates good things.
K. Parsons, Carnegie.

Auxiliary needs new Members

The Ormond Auxiliary of the Alfred Hospital needs new members. Their meetings are held in the Presbyterian Church Hall corner of North Road and Booran Road, Ormond at 10.30 a.m. on the 4th Monday of each month.

This auxiliary aims to raise funds to buy new hospital equipment.

Interested residents would be made most welcome and further enquiries are to be directed to the Secretary, Mrs. E. Moir on 578 1721.

Step Into Life At Carnegie

During September, the Carnegie Church of Christ is sponsoring a Step Into Life program which promises to be one of the most interesting and relevant programs held for many years.

Guest speakers and artists have been engaged for the various activities and special emphasis has been placed on the musical side of things. Christian words have been written to modern tunes and every effort has gone into making sure that all aspects are up to date and meaningful.

Featured in every program throughout the month, will be the fabulous Thomas "Tranon" Electronic Organ, complete with drums and chimes etc. Behind this special series is the need to show people what is felt to be God's intention for the Church in today's world.

One criticism constantly being levelled at the Christian Church of today, is that much of its ministry and activity is dull, boring and irrelevant. In fact, many people in our community openly state that they left the Church, or were 'turned-off' because it had little or nothing to offer.

In recent years, great changes have been taking place in the Christian Church. It has a ministry and message that is not only vital, but alive, relevant, and believe it or not, ... interesting.

Special meetings have been planned for each Sunday at 11.00 a.m. and 5.00 p.m. and several other special programs have also been arranged for weekdays.

FOR WOMEN —

'Womens' Step into Life Convention.

Thursday 11th September, 11 a.m.-2.15 p.m.

Speakers: 11.00 a.m. — Mrs Gladys McKenzie — "If Men are God's gift to Women — What are Women?"; 1.00 p.m. — Mrs Helen Banks "Have we lost our pioneering spirit?"

FOR YOUNG PEOPLE AND ADULTS — A coffee shop.

Sunday 21st September from 8.30 p.m.

Guest: John O'Donnell — 3DB Disc Jockey.

Featuring: Lighthouse Band — a Gospel rock band.

Anyone interested in receiving (without pressure or obligation) any further information concerning this program series, is invited to phone Russ Ritchie, Minister, on 56 3228. Transport to and from the meetings is also available for any who like to be a part of this program.

Parents Discussion Group

A child's progress during the primary school years is very important and will influence their future development. You may be asking yourselves some of these questions:-

- What more can I do to help my children?
- Am I doing the right thing by my children?
- Is this normal behaviour?
- What should I do?

Being a parent is a difficult job. All other people working with children; teachers, social-workers, youth-workers, are required to have lengthy training. Parents, however, who are the most important people in a child's life and who are responsible for most of the child's development (especially social and emotional development), are given no help or training.

It is no wonder that parents sometimes experience feelings of confusion, uncertainty, frustration and even isolation with regard to the "bringing up" of their children.

The Oakleigh Counselling, Guidance and Clinical Services would like to offer parents the opportunity to join a 'Parent Discussion and Guidance Group', led by two school counsellors — Ms Cheryl Leber and Ms Rhonda Fitch.

The group would probably meet weekly on Wednesday afternoons from 1.30 to 3.15 p.m. over a period of two months. Discussions would centre on child development and behavioural management at home, and would include:-

- discipline (acceptable and unacceptable behaviour and ways of handling it.)
- parent — child relationships.
- common difficulties encountered with raising children.

If you would like to participate in such a 'Parent Discussion and guidance group', would you please contact either Ms Fitch or Ms. Leber (Education Department, 3 Chester Street, Oakleigh on phone 569 0595. Participants would be encouraged to purchase a text book for about \$7.00 but this is not obligatory and there are no other costs.

Ms Fitch and Ms Leber need to know how many people are interested in such a group before details can be finalized. The group will meet only if there is sufficient people interested. The closing date for applications is September 15.

Special Exhibition from China

The Caulfield Arts Centre is to be the first venue in Melbourne for an exhibition of Chinese Children's Art.

It is a unique exhibition which gives a fascinating insight into the day to day life of the People's Republic of China through the eyes of its children.

A NEW MAYOR FOR CAULFIELD

At the Statutory Meeting of the Council, Cr Geoff Doolan was unanimously elected as Mayor of the City.

For Cr Doolan this is no new experience. He has been Mayor of Caulfield on two other occasions 1969-70 and 1973-74.

Cr Doolan, along with Cr Blair, Cr Walters and Cr Patience was elected unopposed at this year's elections.

The four men will again serve the City for a further 3 years, and each took his Oath of Office at this meeting.

C.C.S.

Caulfield Community Service will hold their Annual General Meeting in the Meeting Room in the Caulfield Town Hall on Monday, September 8th at 8.00 p.m.

The Guest Speaker for the evening is F.A.C.S. Social Administration Officer, Mr Daryl Bubner from the Southern Regional Consultative Committee who will speak on Community Service Grants and the role of local advisory committees.

A light supper will be served and everyone is welcome.

Above left: The retiring Mayor, Cr Blair (right) assists the new Mayor Cr Doolan as he puts on his Mayoral robes.

Above: Congratulations to the new Mayoress, Mrs Norma Doolan (left) from retiring Mayoress Mrs Irene Blair.

NEW MEETING CYCLE

The Council at the Statutory Meeting on the 11th of August, adopted its meeting cycle for 1980/81.

This cycle is based upon each Committee meeting being held every three weeks with General Purposes Committee Meeting being held on a separate night from the Council Meeting.

The following Councillors were elected to the Committees:

Red Cross "F" Company still going strong

Although the Red Cross "F" company's card afternoons in Murrumbena had to cease due to the labour involved in setting up the rooms this company of the Red Cross is still going strong.

Mrs. Tyers the Senior Superintendent advises that they are still carrying on with their usual Red Cross duties which include regular assignments in the Blood Bank and Hospitals and assistance at the Caulfield Baby Health Centres.

All cases of distress are investigated and help given.

NEW RESIDENT KITS

If you have recently come to live in the City of Caulfield you may wish to receive a new Resident Kit which includes information you will find helpful with regard to the services offered by Caulfield Council. Contact the Community Liaison Office on 524 3259 if you would like to receive one of these useful kits.

Heather Singers Strike a Chord

It was a very pleasant afternoon at St. Catherine's Church Hall. The sun was shining outside and inside (figuratively of course), as the Mothers Union from that Church met for their normal meeting.

This meeting was a special event. The ladies were to be entertained by an extremely talented group of ladies — The Heather Singers — a group which has been entertaining people for over 17 years.

The group has quite a history. Its leader, Mrs. Williamson was a member of the Ormond Presbyterian Church many years ago and being involved in the Mothers Club, joined in discussions about work which could be done within the community.

It was suggested that a singing group be formed to visit homes, hospitals, churches etc. and after a few months Mrs. Williamson

was approached with a list of names of 8 people waiting for 'something to happen' with a singing group.

In June of 1953 a meeting was held and it was decided that the Heather Singers would perform as a group. Of the original 8 members 6 still are involved and the ladies number 14 plus a pianist.

With one day a month, (if possible) being spent on rehearsal the ladies find they are kept very busy with engagements on one day a week (sometimes two) for 10 months of the year and they are booked out for up to 18 months ahead.

The members are all housewives, mostly all over 50,

with some in their 70's and nearly all of them are Gran-nies. They arrange all the programs, engagements and music between them and all the work is shared.

The ladies have a lot of variety in their program; old time songs, novelty items, roaring 20's numbers, a percussion band of kitchen utensils and linked together with humorous tales and happy chat.

The work of the group is completely voluntary, but has had many rewarding moments.

Mrs. Williamson recalls the time when a multiple sclerosis patient had laughed so much at one of the novelty items that

staff requested a repeat performance so that a photograph of her happiness could be taken to be shown to her family.

Blind people who had withdrawn within themselves joined in singing, people normally unable to respond became involved in the programme, incapacitated people in wheel chairs have tried to tap a foot or a finger in time with the music.

"It's been a lot of hard work", says Mrs. Williamson "but it brings a lot of joy and they are a wonderful band of women — never a cross word from anyone, even after 17 years — unbelievable".

A PERFECT GIFT FOR FATHER

Have you run out of ideas of what to get for a Father who has everything?

For the last minute gift for Father's Day we suggest a copy of Caulfield's History. "From Sand, Swamp and Heath" by Peter Murray and John Wells is a quality publication with 278 pages, many maps and illustrations and numerous historic and interesting photographs.

It is beautifully bound and presented and is an ideal gift for anyone.

The History may be purchased at the Town Hall for \$20.00 a copy. A number of the calf bound, limited editions are still available for \$40.00. Note — Newsagents and Booksellers may wish to purchase bulk copies. If so please contact the Community Liaison Office at the Town Hall on 524 3259.

Holiday Club

The Happy Holiday Club was so enjoyable in the previous school holidays that it is being held again. There will be games, quizzes, activities, Bible stories, prizes, singing and a lot of fun for the school holiday time.

The Happy Holiday Club is held at the Elsternwick Baptist Hall, rear of 481 Glenhuntingly Road, Tram Stop 45, from Monday 1st — Friday 5th September, beginning at 9.30 a.m. and finishing at 12 noon.

For further information please telephone Mr Ron Puttyfoot on 523 8806 or Mr Barry McDonald on 596 3782.

Cricket Umpiring

The South Suburban Churches' Cricket Association which covers the area from Caulfield through to Waverley is constantly on the lookout for umpires for the Saturday afternoon matches.

Competitive rates of pay are granted to approved applicants and both male and female applicants may apply.

Training would be provided so if you are interested please contact Harry Bracegirdle on 729 6052 (A.H.).
