Dear Sir,

Heatherdale Recreation Reserve

I wish to inform you that a number of interested residents of the Heatherdale district have formed a Committee with the intention of seeking permission to establish a riding track at the Heatherdale Reserve, which has been recently constructed by your Council. We have been advised by the Heatherdale Progress Association to contact you and request that you give consideration to the above proposal.

It is our opinion that the wooded area on the south western corner of the Reserve is ideal for this purpose. We have in mind a 15 foot wide track around the outside of this section, with a small gathering area for riders at one point on the track. As this suggested location is separated from other activities of the Reserve, it would afford riders a safe area and in no way interfere with the natural setting of this portion of the Reserve.

The Committee consider an all weather surface would be necessary and is prepared to raise funds to assist.

Office Bearers of the proposed Heatherdale Riding Club are:-

Dr. G.E. Carroll,	President
Mr. F. Colman,	Treasurer
Mr. M. Jones,	Secretary.

At present, no provision has been made in the district for horse riding and we consider it is becoming increasingly hazardous for young riders on our roads.

We would appreciate your views on our proposal.

Yours faithfully,

(Mr. Murray Jones)
Secretary

CC: Heatherdale Progress Association.
