**Apologies:** J. Fry

- VicRoads has requested a meeting to discuss Healesville Freeway Reservation Springvale Road & Boronia Road, Vermont South. WHS is a key stakeholder. Preferred meeting time and day, Wednesday at 1.30 pm. VJE to organise. Meeting to be possibly held in visitors centre.
- Eastland is having a photo shoot on either Tuesday 31<sup>st</sup> January or Friday 3<sup>rd</sup> February (weather pending) at the complex.
- Julie Jones (on 3 months leave) replacement is Helen Laffin.
- Termites have been found in the Barn. Exterminators are looking into this and will report back. The smithy needs to be checked and there is concern for the buggy.
- Heritage Week meeting – Vermont south bus tour was put forward and well received. Working with the library would also be ideal, Julie suggested an open day with a photo storing workshop. There will also be a 70s exhibition in the Art space and our museum.
- History of the Whitehorse Community Chest – Joint publication with WHS. Yvonne is researching. Publication date November 2012.
- Box Hill Brickworks – WHS can offer a letter of support. More info is required, need to contact Box Hill historical society.
- Raylene Carr had an incident whilst taking photos of a house, where the home owner disapproved of photos being taken. Suggest photographers take Historical society identification with them in case they are queried. This task needs to be reviewed.
