P.O. Box 63, MALDON VIC 3463.*

MALDON

Maldon is a town steeped in history and boasts 2 miles of National Trust classified historic streetscapes. In 1966 Maldon was declared "Australia's First Notable Town" in recognition of the authentic and intact nature of its architectural heritage. It was once among the world's richest gold bearing quartz reefs and even today has a successful gold mine in operation.

The town's heritage is still the major attraction for thousands of visitors. Maldon has well preserved relics and sites from its goldmining days. A candlelit tour through Carman's Tunnel is a popular venue for picnickers and with the Beehive Site, North British, Red, White and Blue mines all within minutes of Maldon, plenty of sightseeing is assured. With trading continuing through every weekend a great variety of emporiums, tea rooms, antiques, galleries and gift shops certainly keep the visitors busy even on the coldest of days.

Steam train rides on the Castlemaine - Maldon Historic Railway departs Maldon Railway Station daily and is another feature of this town's historic development. Step back in time and enjoy a visit to Porcupine Township, ride Terry and Tangles - Maldon's famous Clydesdale's who take you through the town centre or visit the Maldon Yabby Farm and enjoy local fare. Whether you're boating or fishing in nearby Lake Cairn Curran, wandering the foothills of Mount Tarrengower, or relaxing in one of the beautiful cottages available for Bed & Breakfast you are certain to enjoy your visit to historic Maldon.

The Maldon Easter Fair is greatly indebted to these groups for their sponsorship and support.
